Simplified Voter Registration Passes

By MALCOLM JOHNSON
Associated Press Writer

LANSING, Mich. (AP) — You could register to vote while renewing your driver's license under a bill given final approval Tuesday in the Michigan Legislature. Gov. William Milliken is expected to sign the measure, which cleared the Senate 25-6. The bill is intended to ease voter registration and encourage voting.

The House, meanwhile, approved a bill to divert the state's share of money from the Michigan Lottery to the state school aid fund. That measure went to the Senate. Michigan residents could start using the new voter registration system Oct. 1, under a

House amendment to the bill.

The new procedure would reach 90 per cent of Michigan's residents every three years, its backers said, giving each a chance to register had he not done so previously. In addition, it would enable local clerks to remove from active voting rolls persons who have not voted or have moved.

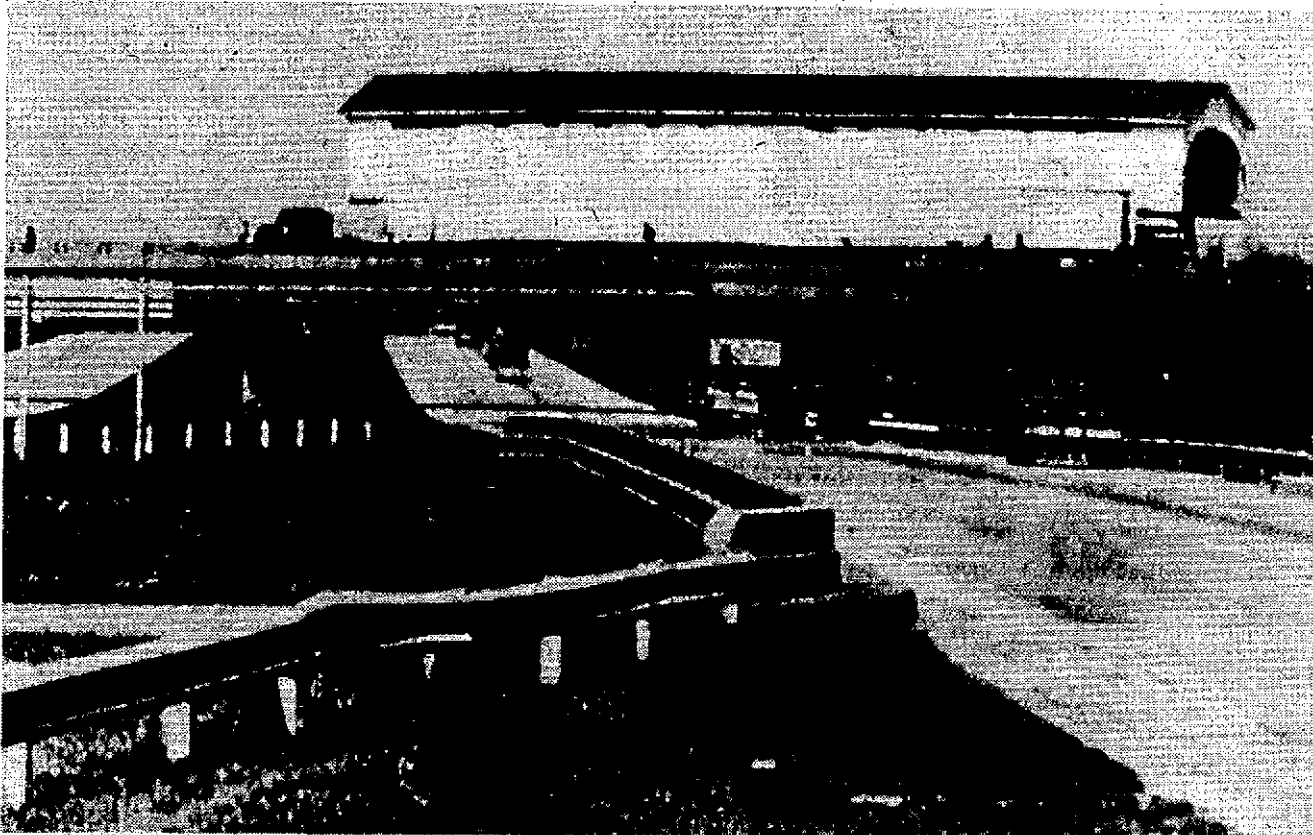

Under the bill, a resident would fill out an application form at a secretary of state's office or sheriff's department upon renewing his license. The application would be sent to the local clerk who would verify it and forward the registration to the individual. The bill approving transfer of lottery money was passed by a 79-22 margin. The school aid fund, now primarily financed by the state

sales tax, presently is supplemented by the general fund. Lottery money is sent into that fund under the current system.

The bill will not mean more money for education, said Rep. Matthew McNeely, D-Detroit, the bill's sponsor, but will decrease the amount of general fund money sent into education coffers.

He noted that voters were persuaded in part to back the lottery on grounds the proceeds would benefit schools. The House bill is an attempt to live up to that promise.

The lottery brought in about \$67 million in 1973-74. School aid for 1974-75 totaled about \$1.3 billion, with \$699 million coming from the general fund and \$665 million from the school aid fund.

CROSSING OVER: Motorists on Interstate 74 near Shelbyville, Ind., southeast of Indianapolis stopped to stare as 126-foot covered bridge was moved from its site over Little Blue River to the Shelby County

Fairgrounds Tuesday. The 67-ton single span was built in the 1880s and is the last of its type in the area. (AP Wirephoto)

14-WEEK RULE DROPPED

Abortion Clinic Licensing Starts

LANSING, Mich. (AP) — Temporary state licensing regulations went into effect Tuesday for abortion clinics without placing any limits on potentially dangerous late-term abortions.

The state Bureau of Health Facilities will begin inspecting

and licensing the outpatient surgery clinics—mostly abortion facilities—as soon as a \$48,000 appropriation for personnel is approved, said Dr. Hermann Ziel, bureau director. A proposed regulation barring the outpatient clinics from performing abortions after the 14th

week of pregnancy was dropped on advice from the attorney general.

He said the rule was too specific for general licensing regulations and infringed on the powers of the state physician licensing board. The 14-week rule would have required that

abortions in late-term pregnancies be performed in a hospital.

"At this time, there is no requirement that the facility have a policy on pregnancy terminations beyond 14 weeks," said Ziel. "If they do (abortions) beyond 14 weeks, they would not be violating a section of the law or a section of the rules. They will be able to do what procedures are deemed appropriate for that facility, and each facility will determine what is appropriate for them."

According to the federal Center for Disease Control, the risk of death to the woman in an abortion is seven times greater after the 12th week. The fatality rate in abortions in 1972 and 1973 was 1.7 per 100,000 in the

first 12 weeks of pregnancy. The death rate in abortions performed after the 12th week was 12.1 per 100,000.

The licensing regulations were written on an emergency basis under a law passed last September in the wake of charges of unsafe, crowded, unregulated conditions at abortion facilities in the state. The 14-week rule is included in proposed permanent regulations awaiting consideration by the attorney general and the Legislative Service Committee.

The approval procedure takes three to six months. Then the clinics would have another year to begin conforming with the rule before their licenses were threatened.

U-Pick: Growers' Tool To Cut Costs

By NICK SMITH
Staff Writer

The speaker at a farm meeting yesterday at Lake Michigan college may have explained why more farmers in Michigan are turning into pick-your-own operations.

Figures compiled by Dr. Myron Kelsey, Michigan State university agricultural economist, show that for some crops the cost of harvesting is equal to the cost of planting, fertilizing, spraying and grow-

ing. At U-Pick farms, the consumer does his own harvesting. Kelsey was one of a series of speakers at a roadside marketing and pick-your-own meeting. A turnout of some 120 growers was an indication of an increasing interest in pick-your-own operations by area fruit growers.

During a break yesterday two blueberry growers discussed why they are operating pick-your-own businesses. Interviewed were Oscar J. Dowd, of

Paw Paw, and Vincent DeGrandChamp, of South Haven.

Dowd grows 75 acres of blueberries, 93 per cent of which were harvested by eager city folks in 1974. DeGrandChamp runs a smaller U-Pick business. Of his 30 acres, 25 per cent were harvested by pick-your-own buyers.

Why switch to U-Pick? "Money in your hand, with no middlemen," Dowd said. "Although that adds more headaches," DeGrandChamp added.

Having consumers pick a farmer's crop means that the farmer does not have to hire harvest help. This saves the farmer money, and the men agreed that it also saves them from having to comply with state and federal labor laws which come into play when a farmer hires migrant help.

DeGrandChamp says he hires about 50 migrants each summer to cultivate his crops and to run mechanical harvesting equipment and to pack the harvested produce that's sold by an association to which he belongs. He stated that he would not convert his farm completely to a U-Pick operation because

Reds In Key City East Of Saigon

SAIGON, South Vietnam (AP)

— North Vietnamese troops fought their way into the heart of a provincial capital 40 miles east of Saigon today in the five-week-old Communist offensive's first attack on a major city in the capital region, the South Vietnamese command reported.

At the same time, more opposition politicians in Saigon went into hiding to avoid a further police crackdown on dissent following the bombing attack Tuesday on President Nguyen Van Thieu's palace by an air force pilot, political sources said. A previously progovernment Buddhist patriarch also joined the calls for Thieu's resignation.

The attack on Xuan Loc, the capital of Long Khanh Province, began before dawn after a 2,000-round artillery barrage. Street fighting was reported around a church and the bus station, but later field reports said most of the North Vietnamese had been driven from the city, leaving small pockets of resistance.

Secret police reportedly moved on the homes of at least two opposition leaders — lawyers Dang Thi Tam and Bui Tuong Chieu — hours after the apparent assassination attempt. The sources said the politicians had been warned by friends and had gone into hiding to avoid arrest.

Other North Vietnamese or Viet Cong forces overran a district capital near one of the Saigon government's few remaining footholds on the central coast and made a number of smaller attacks in the Mekong Delta. Most of the latter were reported between 70 and 120 miles southwest of Saigon.

In Cambodia, the Khmer Rouge insurgents cut the supply road and railroad between the Thai border and Battambang, the country's second largest city, and there was almost continuous fighting on the east bank of the Mekong River across from Phnom Penh and at Kompong Speu, an isolated provincial capital 30 miles southwest of Phnom Penh.

Premier Long Boret began picking up the reins of the government again after accompanying President Lon Nol abroad, but he refused to confirm or deny a report that he met Monday night in Bangkok with representatives of the Khmer Rouge.

Gen. Frederick C. Weyand, the U.S. Army chief of staff, returned to Washington from a survey visit to Saigon and

ART CARNEY, OSCAR, AND GLENDA JACKSON

Glenda had a kiss for "best actor"

Art Carney Sentimental Oscar Winner

By BOB THOMAS
Associated Press Writer

LOS ANGELES (AP) — Art Carney, Ellen Burstyn and a movie about the Mafia were the stars of the 47th Academy Awards. Francis Ford Coppola's "The Godfather, Part II" won top honors with six Oscars, including best picture.

The sweep made the 36-year-old Coppola Hollywood's undisputed wunderkind, but Carney was the sentimental victor of the festivities.

"I'm numb, I'm happy, why should I be embarrassed — I'm Irish!" he exclaimed after his surprise win as best actor for playing a 72-year-old cross-country traveler with a cat in "Harry and Tonto."

Carney's win was a delight to the audience, which rose in tribute to the veteran television actor. It was his first starring role in a movie.

He said his agent urged him to do the role by saying, "Do it! You are old!" But backstage, Carney, 56, laughingly said, "I'm still a kid!"

Miss Burstyn, nominated twice before, finally won as best actress for her role as the errant housewife with ambitions as a singer in "Alice Doesn't Live Here Anymore."

Robert De Niro, the young Mafia don of "The Godfather, Part II" and Ingrid Bergman, one of the suspects in "Murder on the Orient Express," won as supporting performers in the 47th annual ceremonies at the Music Center.

The awards shaped up as producer-writer-director Coppola's night, despite heavy betting on "Chinatown," which won only one Oscar, for original screen play.

(See Page 18, Column 7)

Tree Stump Blast Kills Allegan Man

WAYLAND — A 24-year-old Allegan county man was killed yesterday afternoon when he was struck in the head by a flying piece of a tree stump which had been dynamited at a farm two miles east of here.

Dennis James Herp, of Dorr, was pronounced dead at the scene by Dr. Dale Kuipers, Allegan county deputy medical examiner, according to state police at the Wayland post.

Police said Herp was not par-

ticipating in the dynamiting operation, but was a bystander. The 3:15 p.m. accident took place at the Van Solkema farm, 137th avenue, in northeast Allegan county's Leighton township.

Police said three other persons were at the scene but were not injured. Police identified the three as Garating Vandenburg, Douglas Dykema, and Rich Drought, all of Byron Center. Police said Herp was employed by Van Solkema Farms.

Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate to prefer the latter. — Thomas Jefferson.

Restoring Some Balance To School Negotiations

By a 4-3 vote the Michigan Supreme Court removed some of the legal fuzz which has characterized contract bargaining and teacher strikes in the public school system.

The majority declared that the Public Employee Relations Act (PERA) supersedes the Teacher Tenure Act (TTA) when teachers strike to break a deadlock in contract discussions.

PERA modifies the Hutchinson Act sponsored by our Congressman, Ed Hutchinson, back when he was in the state legislature. The Hutchinson Act outlawed both public employee strikes and union affiliation. PERA sanctioned employee organization and bargaining but continued the ban on striking.

TTA says that once a teacher advances beyond a probationary period in original hiring he or she may not be discharged except for cause and then only after a protracted hearing procedure. Unless the hearing process is followed to the letter, the discharge is nullified as an unfair labor practice.

In recent years this seeming conflict in the two legislative enactments has sheltered unnumberable strikes against Michigan's school districts.

A particularly sticky dispute in the Crestwood school district near Detroit brought the two statutes to the courts for a clarification.

Last December the Crestwood board fired 184 union teachers and replaced them with non-union substitutes.

A special circuit court panel of three judges sustained the teachers' contention of being illegally fired because no hearing was held under TTA, and the appeals court upheld

the decision.

The Supreme Court majority reversed that approach, but added the teachers could pursue the matter through the TTA procedure for a determination if the Crestwood board had failed to bargain in good faith. The Michigan Employment Relations Commission (MERC) first handles the case, but its decision is appealable to the appeals court and the Supreme Court.

The majority's decision stops short of an absolutely clearcut ban on public employee strikes by leaving the door ajar on what is good faith bargaining.

The public employee unions automatically take the stance that a refusal to meet their demands or come within hair's breadth of so doing is a failure to bargain in good faith and hence, an unfair labor practice.

Our Lake Michigan College has suits in the state appeals court and the U.S. Court of Appeals on this very assertion, and the current strike against the Berrien county road commission involves the same contention.

The Crestwood battle inspired the Legislature at its January convocation to say a new way must be found to settle the annual imbroglio between school boards and teachers.

One proposed solution receiving considerable support is a so-called compromise plan based on compulsory arbitration. At the moment, that plan is resting in committee. And that's where it should stay. For a while at least, let's not tamper with the new dictum of the Supreme Court. It looks pretty sensible and worth giving a prolonged try.

Under the majority ruling, the public is protected from wanton interruption of essential services. Public employees are protected against sweat shop conditions by the high court's requirement that school boards and other public employers bargain in good faith.

There's something, then, for everybody in this sensible basic doctrine. If the Legislature can keep hands off for two or three years, actual practice should refine the court's dictum into workable ground rules that might set a salutary pattern for the whole nation.

IRS Seeking Redemption?

A spokesman for the IRS said the tax agency's computers were programmed for the tax rebate before the President signed the bill. For a change the IRS staffers will be good guys and they don't want any goof on this one.

Attorney General Levi Right To Reject ID Cards

Good for Attorney General Edward H. Levi, who turned thumbs down on a proposal made by his top assistant which would require every American to possess an ID card attesting to his citizenship before he could apply for a job. Laurence Silberman, outgoing Deputy Attorney General, had made

the proposal before a House committee working on legislation to attack the illegal alien problem.

Silberman's testimony was given only four days before Levi came into office, and the new Attorney General clearly does not like the proposal.

"I do not like the idea of requiring every employee to carry a card indicating his citizenship or legal residence before he gets a job," Levi said at his first press conference since assuming his cabinet position. That should end the matter as far as the lawmakers are concerned. If it does not, presumably Levi's opposition would help produce a presidential veto.

The trouble with a government-required ID card to be carried on the person and produced upon request is that the concept approaches the "internal passport" system used by communist and other totalitarian countries to effect control over the populace. It might help immigration authorities and others control illegal aliens, who are a problem, but its cost in terms of personal freedom of movement are prohibitive.

Those who believe the only use which would be made of an ID card, if implemented, would be relating to employment are naive. The opportunities for abuse of such an instrument are limited only by bureaucracy's imagination.

Packing It In

Are more men bringing their lunches to work, or is it just that they can't afford brief cases for 'em?

It's The Thought That Counts!

EDITOR'S MAILBAG

DON'T WANT VIET CHILDREN HERE

Editor, I am so "sick to death" of these people who want President Ford to bring more of these Vietnamese children "to this, the most beautiful country in all of the world."

In the first place, I cannot imagine how the Supreme Commander of this wonderful country could possibly perceive such a plan.

In the second place, I can't figure out what's the matter with "The Women" and all of the other men and women who want more of these children in this country.

What's the matter with the children in all the orphanages throughout this country? Most

of them here don't have dysentery, chicken pox and are not suffering from malnutrition.

But, if that's what they want, I'm sure they can find a few: Appalachia, Watts, Harlem.

There are quite a few kids right here in the "good ole U.S.A." who are in desperate need of the kind of home all of those people say they have: Love, warmth, understanding, kindness, etc.

So, Please, Americans, let's get with it, and start taking care of our own. We have every race, color, creed, religion, age and sex right here in the United States who are in dire need of everything those families are giving to those poor, misfortunate foreigners. Who told me when I was there, "Go home."

G.J. Hello sucker.

Now it's my turn, and I'm telling them, "Go home!" We have our own to consider first!!! Thank you!

HITTING THE NAIL, BUT HARDER

Your Editorial of March 31, "A Bunch Of Phonies In The United Nations", hits the nail on the head but not hard enough. Our membership in this body of "Phonies" has brought us into wars we had no business in, as these wars (Korea and Vietnam) are United Nations no-win wars, directed by the Security Council of the U.N., which always has a Soviet in command and our generals are obliged to carry out orders from him, lest they are recalled by our President — like the case of that great General MacArthur, who thought a war should be fought to win.

I refer you to Chapter 5, Article 25 of the U.N. Charter which binds the United States to fight U.N. wars. And for that, 50,000 of our young men were sacrificed, not to mention those crippled for life.

Peace, What Crime has been committed in thy Name?

Peace will not come to our country till the USA will get out of the U.N. and the U.N. get out of the United States. Help us God.

Do You REMEMBER?

— 10 Years Ago —

Richard Brueck has been named valedictorian and Sally Feather salutatorian of the New Troy high school class of 1965. Principal Duane Ongstad announced today Richard plans to attend Michigan State university next year, majoring in business administration. Miss Feather plans to attend the University of Chicago.

— 25 Years Ago —

Suggestions and ideas that will result in economies for the company will net employees of the Nineteen Hundred corporation, St. Joseph, cash dividends, it was announced today by company officials. The suggestion plan is being put into effect by the Edgewater home laundry equipment company immediately. Glenn Clark, personnel director, announced. The new program will be under the direction of Charles Haube, with Robert Black as his assistant.

— 50 Years Ago —

Dr. J.O. Randall, chairman of the Blossom Week committee, in a talk to members of the Twin City Rotary yesterday, suggested that the local organization lend their aid in cooperating with other Rotary clubs in an effort to bring in children from Chicago, Detroit, South Bend and other large cities as guests of the Rotarians during Blossom Week. The suggestion met with the hearty approval of local Rotarians and a committee will be appointed to report at the next meeting.

Benton Harbor is harboring a very fine band without being aware of the fact. It became known today, when the existence of such a flourishing organization of 31 members was learned. The band's members are "picked from the Russ-Carrier company." H.B. Ross, president of the concern, is the good Santa Claus, making possible the band; he it was who learned the fineness of some of his workers for music and the undiscovered talent in his plant. He purchased instruments and presented them to "the boys," who set about to practice. Now the band has a remarkable repertoire for an amateur organization and Manager Ross is getting many compliments as a

good "boss."

— 75 Years Ago —

Mr. Peter Tonnelier has leased the Park hotel, corner of Fifth and Park streets, Benton Harbor, to two bright, experienced young hotel men who have arrived here with their families and are now residents of our city. They are Mr. Lee Fargo, late manager of the Rainier hotel in Chicago, and Mr. F.H. Wheeler, who has been manager of the Wheeler House in Hammond, Ind.

Prof. A.M. Herring of St. Joseph, manufacturer of the "Mobike," has received a request for prices from a big concern in Japan. A number of men are employed making mobikes.

W.W. Kathan, a well known bright and hustling young man now connected with the Lake View hotel in St. Joseph, has accepted a situation with a bicycle firm as an advertiser, and will be sent to the Paris exposition. He will leave for France next month.

J.H. Fabry's soda fountain, 110 Water street, was opened for the season Sunday and this is the only soda fountain running in Benton Harbor at present.

Tom Tiede

Vietnam Bleeds; The UN Yawns

UNITED NATIONS, N.Y. — In 1964, following the warship incident in the Tonkin Gulf, the United States placed the Vietnam question on the U.N. Security Council agenda. Eleven years and more than a million lost lives later, the question is still on the agenda — untouched, undebated, and quite obviously unresolved.

In this world body dishonored for many misdeeds and inactions, Vietnam must by this time be recognized as its most shameful failure. While members have spoken with considerable hypocrisy against human suffering, entire generations of Vietnamese have been murdered without a single U.N. effort to intervene. Delegates have erupted over such matters as terrorism in Munich but have been mum over My Lai, Hue, Quang Tri and the seemingly endless lines of refugees moving, as the tide, to and fro.

Even now, as Vietnamese mothers once again clutch their wounded children for the cameras of the world, and while the roadsides of that part of the world collect rotting bodies like so much litter, U.N. members do nothing and U.N. officers say little. Asked about the holocaust recently, Secretary-General Kurt Waldheim said only "we are watching the situation with concern." Not an adjective added for emphasis, not so much as an exclamation point for the barrels of blood being let. As is, Waldheim's remark insults the dying.

To be sure, any delegate here can list an hour's worth of excuses for the U.N.'s reluctance to confront the Vietnam agony. It is part of the paradox of this organization that members proclaim humanitarian standards on the one hand and undermine them intellectually on the other.

This truth is not only apparent concerning Vietnam, but for almost every international controversy. As John Maynard Keynes said of the League of Nations, so, too, is it correct for the United Nations: IT IS "an unequal instrument for obstruction and delay." The sense here is not that members are

busy creating better tomorrows, but reasons why there can be no better tomorrows.

Worse, the sense here is also that few really care about better tomorrows insofar as the global view is concerned. As the organization approaches its 30th anniversary in June it is increasingly obvious that the 138 member-nations have not been able to transcend the limits of their nationalities. The progress each covets is self-progress.

The best interests of the world are ignored for the best interests of 138 parts of the world. Regarding Vietnam, then, as a French diplomat says: "Is of no importance to 99 percent of the members, so why should they bother?"

Even Waldheim, it's alleged, is silent purely for reasons of self-interest. The South Vietnamese permanent observer to the U.N., Nguyen Huu Chi, who has tried for years to push the Secretary-General into some kind of action, says the man is more interested in his own future than that of Vietnam. "He does nothing," he says nothing. Why? Maybe it's because he is up for re-election next year. It wouldn't do to involve himself in any unnecessary controversy.

So it is Vietnam shall continue to shriek out of hearing distance from Turtle Bay. Though South Vietnam hopes a Western ally will yet mount a protest based on U.N. resolutions condemning aggression, the word is that no such thing will happen. The mutilated can be such nuisances, in terms of public relations... sight. Nonetheless, the only thing they can expect in the future here is what they've received in the past: illusory "concern."

Eventually, perhaps, the time may come when the U.N. need not bother even with concern for Vietnam. Spiritually, the country will be rubble, the earth wasted, the society crippled. If it happens, the suggestion here is that the U.N. be forced to move its headquarters there among the broken lives. Only then, looking about, will the members ever know the consequences of their long moral sleep.

Katherine Means

The Gays Are Gaining Ground

WASHINGTON — Serious measures to ban economic, legal and social discrimination against homosexuals were recently introduced in Congress, for the first time in history.

Two bills were quietly proposed last month, capping a six-year campaign by homosexuals to come out of the closet and win the fundamental rights of straights.

This Congress, may be reform-minded, but it is clearly not yet ready to embrace the homosexual cause.

The measures are certain to die. But the very fact that for the first time 24 Congressmen and women agreed to openly support equal rights for gays indicates that the gays have made considerable progress in their fight for public acceptance.

In the past few years, homosexuals all over the country have demonstrated at city halls and statehouses, run as delegates to the Democratic National convention, gone to court for the right to get married and to take a state bar exam, and lobbied vigorously for local ordinances to ban discrimination against them.

They have won some and lost some. A dozen or more cities now have passed such ordinances, although New York City, in a heavily publicized controversy, last year narrowly rejected one. The American Psychiatric Association recently officially backed away from describing homosexuality as a mental illness.

At least eight states have repealed felony sodomy statutes. Federal courts have ruled in favor of homosexuals in at least three instances involving government efforts to revoke

security clearances. Gay bars are tolerated in a growing number of cities, including the nation's capital. Homosexual organizations flourish openly in cities and on campuses around the country.

Many homosexuals are still reluctant to admit their sexual preference, so nobody knows for sure how many there are in this country. One estimate is that more than 20 million men and women are homosexual.

Rep. Bella Abzug of New York and 23 cosponsors introduced a measure that would amend the 1964 Civil Rights act to prohibit discrimination against gays in employment, housing, education, utilization of public accommodations and participation in federally assisted programs. It calls for equal rights without regard to "affectional or sexual preference."

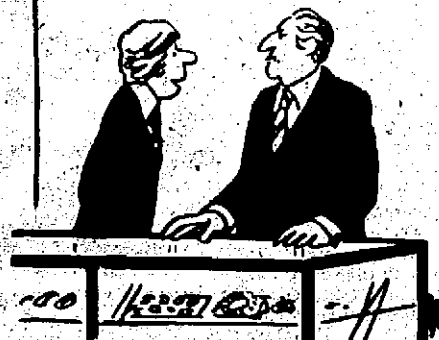

Abzug actually introduced a similar, but less carefully thought-out measure last year, during the New York city council furor over a gay ordinance, but had no cosponsors and made no effort to promote the bill.

Rep. Donald Fraser of Minnesota, one of her cosponsors for the new measure, also has submitted his own bill which broadens the discrimination ban to include sex and marital status as well as affectional or sexual preference.

Introducing her bill, Abzug declared that the basic issue involved is equal protection of the law and respect for the rights of individuals. Fundamental principles of the Constitution.

But the reality of the situation is that many citizens find homosexual behavior so aberrational and offensive they have difficulty applying these principles properly.

MORE HEARINGS DUE?

US-31 Freeway Pot Bubbling

The question of whether to follow an east or west route around Berrien Springs when US-31 is relocated in Berrien county could be reopened. And the already delayed new highway project could be set back

another couple of years by a new development.

The Berrien County Planning commission learned yesterday the State Highway department is required to establish a local advisory group to examine the

route location. And new public hearings on the path the new highway will follow are contemplated.

The US-31 relocation would go from the state line south of Niles to the I-196 and I-94 junction

near Benton Harbor.

The State Highway department in a letter to the Berrien planning body yesterday asked the commission to form an advisory group to the highway department to provide local in-

put in evaluation of the route in this county.

Planning for the new road has already been in progress upwards of 10 years.

The path the highway should take around Berrien Springs has generated particular heat in the past.

Planning Director Charles Eckenstahler predicted the completion date "will now be pushed back a minimum of two years" because of the additional study requested by the highway department.

Eckenstahler said the federal requirement for local input in route planning is being pushed by federal agencies, and since federal monies would be used to build the new route to US-31, the state and local units must comply. The relocation had been expected to be completed by 1978 or 79, according to Eckenstahler.

The planning commission will form the nucleus of the advisory committee to study both the east and west bypasses around Berrien Springs, while the county road commission and the Southwest Michigan Regional planning commission will have voting representation on the committee.

Eckenstahler said he hopes the new committee will be formed within the month and will then begin reviewing the status of the relocation routes and decide what action should be taken.

Essentially, according to Eckenstahler, the planning commission and other county agencies support the western alignment of a bypass around Berrien Springs. But that route is contested by the St. Joseph River Improvement association, which supports an eastern alignment, stating the western route will harm the environ-

The commission yesterday also adopted the Overall Economic Development plan for Berrien county, which was drafted by the planning commission and received approval by the county board of commissioners. The plan will aid the county in getting more federal grants for industrial develop-

Commissioners also supported the concept of Love Creek nature preserve, which the parks and recreation commission has proposed to be built on a part of the property owned by the county around Berrien General Hospital.

ADMITTED TO BAR: Berrien Circuit Judge William S. White (left) congratulates Michael F. Dumke, 28, after Dumke's admission to Michigan bar yesterday. With Dumke are his wife, Donna, and parents, Mr. and Mrs. Ray Dumke, of 900 Greenwood, St. Joseph. Senior Dumke is president of St. Joseph school board. New lawyer, who was previously admitted to Indiana

bar, is graduate of St. Joseph high school and received undergraduate and law degrees from University of Indiana. He's joined law firm of Ryan, McQuillan, Vanderploeg & Fette in St. Joseph, specializing in tax law. Dumke and his wife and two sons reside at 2535 Old Lakeshore road, St. Joseph. (Staff photo)

AT YOUR SERVICE: Three members of St. Joseph high school band polish up their lawn raking technique in preparation for their annual spring cleanup scheduled for Saturday, April 12 with the following Saturday as the rain date. The program, sponsored by Band and Orchestra Parents, raises funds for instruments, music and uniforms. Approximately 100 senior and junior high bandmen are available to rake lawns, clean basements and garages, wash windows and other spring cleaning chores. To arrange for bandmen St. Joseph school district residents may call in this order: 983-5813; 983-3318; 429-8220 and 983-6989. Bandmen from left are Mary Erbach, Marc Glines and Mark Albers, all juniors at St. Joseph high school. (Staff photo)

Fairplain
Pro-City
Panel Is
Starting
Hot Line

The Committee for the City of Fairplain has opened a 24-hour telephone hot line service and scheduled a public information meeting for next week.

Richard G. Hagenauer, committee chairman, said citizens with questions on the proposed incorporation may phone the answering service and their questions will be taped. Answers will be answered, either by calling the citizen back, or at one of a series of public meetings.

The meeting next week will be at 7:30 p.m. Wednesday at Fairplain junior high school.

The telephone answering service number is 926-6310.

Leaflets outlining the phone program and announcing the meeting have been distributed to Fairplain residences.

Hagenauer said complicated questions phoned to the tape will be answered at the meeting. He said committee officers also will give status reports.

The state boundary commission last month approved formation of the City of Fairplain, providing proper legal steps were taken. Boundary commission members have yet to release their written reports. Several elections could be held before the City of Fairplain becomes a reality. The elections would involve the basic issue of incorporation, a charter commission and a city charter.

The proposed city is in the western portion of Benton township and eastern portion of St. Joseph township.

Enemies Of Penetrator
Hunting New Recruits

By STEVE SAGER
Staff Writer

United for Survival (UFS), a citizens environmental group, is circulating notices in the Twin Cities urging opponents of the I-94 penetrator to band together to prevent construction.

The flyers describe the five alternatives that are subjects of an environmental impact study and urge support of the fifth — no penetrator at all.

The penetrator routes are from I-94 in St. Joseph township to the City of St. Joseph.

Mrs. Marjorie Hartwig, 1225 Riverwood terrace, St. Joseph, president of UFS, said the immediate goal is to gather as many people as possible into unified opposition by the time the environmental impact statement comes out. She said UFS has 70 dues-paying members.

Some 40 citizens at Saturday's St. Joseph township annual meeting unanimously urged the

township to continue its longstanding battle against the penetrator.

Mrs. Hartwig is the wife of Atty. J.D. Hartwig, whose law partner, John Crow, is St. Joseph township attorney, who has pressed litigation against the penetrator.

The flyers urge attendance by penetrator opponents at two meetings this week.

—The Twin City Area Transportation Study Committee Friday at 1 p.m. in the Berrien county courthouse when area elected officials and representatives of the State Highway department are scheduled to be present for discussion on the penetrator.

—A strategy session Saturday at 12:05 p.m. in Maid Preston-

Palenske Memorial library, St. Joseph. The UFS flyer said this meeting will be to "determine if we have enough interest to continue" the penetrator battle.

The flyers distributed by UFS are billed as from "Friends of the Concrete Opposition," a title the flyer says is borrowed from the Highway Action Coalition of Environmental Action, Washington, D.C.

The State Highway department has purchased right-of-way for the penetrator along the old Michigan Central railroad bed between Lincoln and Washington avenues. Director John P. Woodford and other highway officials have said the penetrator will be built along this route unless major reasons are shown why it shouldn't.

Coloman
Injured
In Crash

COLOMA — Russell Lynn Williams, 18, route 4, Lakewood drive, Coloma, was treated and released from Watervliet Community hospital for injuries he received in a one-car crash this morning.

Coloma township police said Williams was the driver of a van truck which struck a utility pole off Lakewood drive about 2:09 a.m. today.

Williams was issued a summons for careless driving, police said.

Stevensville Boy
'Carrier Of Month'

Robert Harper, son of Mr. and Mrs. Wesley A. Harper, 5048 West Donna drive, Stevensville, has been named Herald-Palladium "Carrier of the Month" for April.

Bob, 13, has been a carrier for this newspaper for one year. He is an eighth grade student at Lakeshore junior high school and said he enjoys baseball, basketball and was on the

wrestling team. Bob says he enjoys the people on his route and likes being a carrier because "it keeps me busy."

"Carriers of the Month" are selected by the circulation department.

VOTE FOR UNION

CADILLAC, Mich. (AP) — Westford county sheriff's deputies voted 7 to 1 Tuesday to join the Teamsters Union.

ROBERT HARPER

St. Joe Girl Wins
Merit Scholarship

St. Joseph high school senior Jeanette E. Holton has won a four-year scholarship from the National Merit Scholarship corporation.

Miss Holton, 18, daughter of Mr. and Mrs. Richard Holton, 3978 Urbandale drive, St. Joseph, was one of 1,300 high school seniors selected as winners of corporation-sponsored scholarships.

Announcement of the winners was made today by the National Merit Scholarship corporation.

The scholarships are worth between \$1,000 and \$6,000 to each of the winners, the announcement said.

Miss Holton plans to enroll in pre-law studies at Kalamazoo college this fall.

She is a member of the National Honor society, and has been managing editor and editor-in-chief of the school's newspaper.

She has also been a member of the Thespians club and a special education teacher's

aide. Her scholarship is being sponsored by Texaco, Inc. Her father Mr. Holton is employed by the firm at a bulk plant in Niles.

Miss Holton was the only corporation-sponsored scholarship winner from among 26 area students who were announced last year as scholarship competition semi-finalists.

Winners of one-time, \$1,000 National Merit scholarships will be announced April 23, and winners of college-sponsored four-year scholarships will be announced April 30, scholarship corporation officials said.

The semi-finalists were among the highest scorers on tests given more than one million students in 17,000 schools across the nation.

JEANETTE E. HOLTON
Wins scholarship

May Delay Land Tax Sales

LANSING, Mich. (AP) — Sale of lands on which property taxes are delinquent could be delayed until October if a bill passed by the House goes all the way. The House approved the measure Tuesday, 88-10, with immediate effect, and sent it to the Senate. The bill delays sale of lands for delinquent taxes from the first Tuesday in May to the first Tuesday in October. All such delinquent taxes however would be subject to a monthly interest penalty rate of three-fourths of one per cent for the period between the first Tuesday in May until the property is sold or the taxes are paid.

ELIGIBLE FOR JOB

SEATTLE, Wash. (AP) — Mrs. John Ehrlichman is eligible for the \$10,000 - a - year emergency employment job with the Seattle Symphony she has held since March 1, officials say.

BLOSSOMTIME CONVERTIBLES: Caravan of 15 Oldsmobile convertibles that will carry the queens, officials and dignitaries in various Blossom Festival events arrived in Twin Cities Tuesday. Painted either red, white or blue, the sleek machines represent a

major collection of convertibles, which are becoming increasingly rare. This is last year Oldsmobile will produce the open air vehicles. The Delta 88 models were brought here for Blossom Festival through courtesy of LeValley-Klum Cadillac Oldsmobile

agency and the Oldsmobile company. Blossomtime workers and directors drove the fleet from factory in Lansing. (Staff photo)

Parent-Teacher Meetings

Parent-Teacher conferences in all elementary schools in the Benton Harbor area school district will be held Tuesday and Thursday, April 15 and 17, and again on Wednesday, April 23, school officials announced today. Elementary students will be dismissed at 10:30 a.m. on the three days to allow their teachers to meet with parents. Special education classes also will be dismissed at 10:30 a.m. Pre-school classes will not be in session during conference days.

Pleads Guilty To Charge

GRAND RAPIDS, Mich. (AP) — A Big Rapids man is free on his own recognition while awaiting sentencing after pleading guilty to using the mail to import drugs. Christopher Totten entered the plea in federal court on Monday. He was charged with mailing both cocaine and marijuana from Bogota, Colombia, to a friend's home in Big Rapids last February. Curtis Rhoades, 20, of Watervliet, pleaded guilty Monday to possessing an unregistered M30 practice blind grenade last October.

Bard School Students Of 1925-35 Hold Reunion

FELLOW STUDENTS: About one-third the 278 persons attending the 1925-35 Bard school reunion March 31 were present for pictures taken before the dinner. Included were, from left, front row, Virginia Cross, Verneal Trowbridge, Ed Dill, unidentified, Jed Cluster, Bob Cluster, Ben Reimersma, Eddie Janta. Second row, from left, Howard Rosenhagen, uniden-

tified, unidentified, Helen Lemon, Dorothy Gast, Bud Scheren, Margaret Coffel, Ruth Clements, Don Kalina, Kay Palmer. Third row, Tommy Brady, unidentified, unidentified, Sammy Rizzo, Leon Ziebarth, Art Nickel, and back row, Harold Dine, Norman Smith, and two unidentified.

MEET FOR REUNION: Also meeting for the reunion at the Holiday Inn in St. Joseph were, from left, front row, Dorothy Holmes, Jack Loewn, Bob Coffel, Helen Cassidy, Dorothy Coffel, unidentified, Elmer Giek, Boots Coffel, Wayne Coffel, Gale Goffel, Joe Coffel. Second row, from left, Clifford Abbott, Jerry Nespoli, Orson Temple, Helen Catania, Evelyn Boyles, Marion

Stienke, Eleanor Jewel, Cuba Moore, Audie Ameling, Earl Ameling, Ida Beaman. Third row, from left, Mrs. Bernard Cantania, Bernard Cantania, unidentified, Mina Bullard, Marion Gargano, Dorothy Wright. Fourth row, from left, Victor Pethick, Frank Lester, Mrs. Frank Lester, and Victor Friske.

HONOR RIERMERSMA: Ben Riermersma who was superintendent of Bard school district during the decade reunion period, was guest of honor at the banquet. With him are, center, Jack Stakley who was a student during the late '30's at Bard; and right, his brother David, a student at the school in the early '40's.

FORMER TEACHERS: Marianne Bard, left, and Virginia Bundy Newhouse were former teachers present at the reunion. Another former teacher attending was Nettie Morrison. The school was named for Miss Bard's family who had donated land for the school building.

RECALL SCHOOL DAYS: Meeting to recall the days when they or their spouses attended Bard school were, from left, Elmer Giek, unidentified, Nora Carmen, Art Apple, Bob Cowgill, Mrs. Art Apple, Frances

Williams, Dora Gallis, Ada Tiefenbach, Gloria Damon, Marjorie Polfus, Lucille Cowgill, Marie Barnett, Dorothy Kraklau, Henry Kraklau, and Alice Antes.

REVIVE MEMORIES: Also attending the reunion were, from left, front row, Cleo Postell, Shirley Selig, Ruth Ameling, Genevieve Trux, Helen Cantania, unidentified, Marie Crawford, Audry Bookout, Alfred Giek, Mrs. Alfred Giek, Jim Remus, Clarence Zupke.

Back row, from left, unidentified, Bob Ameling, George Diogarde, Elmer Giek, Albert Radke, Walter Urch, and Bernard Cantania, unidentified. (Group photos by Hassler)

Greet Spring With Music

By SAN DEE WALLACE
Staff Writer

Monday Musical club members created a springtime atmosphere for the April 7 meeting held at First United Methodist church, St. Joseph.

Theme of the program was "Think Spring" and club members were true to the theme as they performed.

The program included Carolyn Nickel, organist; the Monday Musical club chorus, under the direction of Lydia Daniels; and Martha Snyder and Verna Wend, cellos, with Joan Stafford, pianist.

Miss Nickel played with exquisite skill as she performed two very different compositions. She first played "Five Couplets from the Mass of the Parishes," by Couperin in which she explored the various types of sounds of the organ.

She then played "Choral No. 3 in A Minor" by Cesar Franck, who is considered one of the really great composers of organ music. The Choral was both soothing and stirring.

The trio of Martha Snyder, Verna Wend and Joan Stafford played Handel's "Sonata in G Minor, Opus 2, No. 8" for two cellos and piano.

The resonant quality of the cellos was never more beautiful than as performed by Mrs. Snyder and Mrs. Wend. Mrs. Stafford at the piano skillfully performed the continuo part in the indicated harmonies.

The chorus was especially pleasing performing lightheart-

ed music under the superb direction of Lydia Daniels.

Accompanied by Carolyn Nickel the chorus sang "Looks Like Spring Is Here," "April Love," "Born Free," "Raindrops Keep Falling On My Head," "Sunrise, Sunset," and a medley from the "Music Man."

Artist for the day was Lorraine Ochsner.

Students who attended Bard school in Benton Harbor during the years from 1925 through 1935 honored Ben Riermersma who was superintendent of the district at that time, when they met for a reunion March 31 at the Flagship restaurant in the Holiday Inn, St. Joseph.

An anticipated group of 150 persons including their spouses and guests grew to 278 persons who came to renew acquaintances and honor the former superintendent.

Riermersma ended 34 years as superintendent of the Bard school district when he retired in 1963. When he came to the school in 1931 the school had nine teachers and 240 students. During his tenure new school buildings costing \$553,000 had been constructed and the district was debt free.

The school was named for the Bard family which had donated property to the school district

for the school.

Reunion participants recalled that when the school district first started (it had previously been a part of Hull school district) classes were held in two wooden portable buildings with potbelly stoves. A building was erected in 1927.

Mrs. Riermersma was also a guest of honor at the reunion as well as three former teachers, Marianne Bard, Virginia Bundy Newhouse and Nettie Morrison.

Former students attending the reunion came from Texas, Florida, Iowa, Illinois, and Indiana as well as Pontiac, Grand Haven, Grand Rapids, Flint, and throughout this area.

Rev. Arnold Kotter, Bridgman, gave the invocation.

The chairmen for the reunion included Elmer Giek, St. Joseph; Mrs. Harold (Dorothy Wendt) Gast, St. Joseph, and Mrs. Gale (Margaret Holmes) Coffel, Baroda.

Circuit

OAK LEAF CAMP NO. 3511, Royal Neighbors of America, will hold a potluck birthday supper at 6:30 p.m. Thursday, April 10, at Memorial Hall, St. Joseph. Mrs. Lloyd Marshall will be dinner chairman.

LADIES' AID OF ST. MATTHEW'S LUTHERAN CHURCH, Benton Harbor, will meet at 7:30 p.m. tonight in the school all-purpose room. Norbert Manthe will give a slide presentation on "Guam."

HARRIETTE RODEWALD

83rd Birthday

Mrs. Harriette Rodewald, Benton Harbor, observed her 83rd birthday April 8.

She was born in Keeler township April 8, 1892, the daughter of Mr. and Mrs. Fred Klett. She has lived in the area all of her life with the exception of winters which she spent in Florida.

Mrs. Rodewald has two

children, Mrs. Malcolm (Marian) Tolson of Gary, Ind., and Mrs. Thomas (Nora) Decker of Benton Harbor; 14 grandchildren and 34 great-grandchildren.

Her husband, Edward, died in 1946, and a son, Allen Case of Benton Harbor, died Jan. 10, 1975. One grandchild is also deceased.

ENTERTAIN WITHIN YOUR BUDGET

Show Stealers Make Menu

With today's high food costs, it's harder than ever to entertain in style and stay within a food budget.

One way around this problem is to serve a super side dish, such as a delicious stuffing, with an inexpensive main dish, such as roast chicken. Here's an idea for a festive, full-flavored stuffing that's sure to steal the show and make the menu.

Raisin Bread Yam Stuffing is an economical and nutritious, yet rich and tasty dish. It's quick and easy to make. You also can prepare it ahead and store it in the refrigerator. Then, while it's baking, enjoy your guests.

When baked separately in a mold, the stuffing comes out crunchy crisp. It looks appealing displayed grandly on your best serving plate and garnished with whole sausages and vegetables. Those who like a softer, moist texture with more complete blending of flavors may prefer to bake the

stuffing in the poultry, either roast chicken or turkey.

Everyone is sure to like the delicious, zesty flavor, spiced with sausages and moistened by yams and juicy sun dried raisins in the raisin bread.

Serve turkey or chicken gravy for those who enjoy pouring it over the stuffing. With string beans or another green vegetable and a salad, you have a complete meal, heartily enough to satisfy the biggest appetites.

RAISIN BREAD YAM STUFFING

1 1/2 pound pork sausage links, cut in half-inch pieces
6 cups toasted raisin bread cubes (12 slices)
1 can (16-oz.) sweet potatoes or yams, drained and mashed
1/2 cup chopped onion
1 cup chopped celery
2 tablespoons each poultry seasoning and salt
1/4 teaspoon pepper
1/4 cup melted butter
 Lightly brown sausage in

skillet, drain. In large bowl, combine sausage with remaining ingredients, toss to blend thoroughly. Turn mixture into buttered two-quart mold and bake in 350 degree oven, 35 minutes. Unmold on platter. Garnish with more whole sausages, if desired, and desired vegetables. Or spoon lightly into cavity of 10 to 12-pound turkey. Truss bird and roast as desired. Makes about eight cups.

Scalloped potatoes are a favorite at many buffets and have starred at countless covered dish suppers. And, for good reason! Most men and children enjoy the dish.

A new version, Scalloped Potatoes with Chicken, is family-sized — and hearty enough to serve as the focal point for a good meal.

Potatoes and chicken are often on "special" in your supermarket. What better way to stretch your food dollars than by

combining these two favorites in a savory main course dish? For the chicken needed, you may use leftovers from a previous meal, or two cans of boned chicken. For the rich sauce, use full strength canned chicken broth and season with onion, basil, thyme, rosemary and a whisper of Parmesan cheese.

A special trick will speed the preparation of your Scalloped Potatoes with Chicken: Parboil the thinly sliced potatoes for 10 minutes before assembling in an oven-to-table casserole dish. This step cuts oven time to 30 minutes, an advantage in these energy-conscious days.

When you serve the finished dish, you find that the potatoes have absorbed all the delicious flavors from the broth-based sauce while baking. Try this economical dish soon and watch it become a regular standby at your home.

SCALLOPED POTATOES AND CHICKEN

4 cups thinly sliced potatoes
3 cups water
1/2 teaspoon salt
2 tablespoons butter or margarine
One-third cup finely chopped onion

2 tablespoons flour
1 can (13 1/2-oz.) chicken broth
1/2 teaspoon white pepper
1/4 teaspoon thyme
1/4 teaspoon basil
1/4 teaspoon crumbled rosemary
2 tablespoons grated Parmesan cheese
2 cups cubed cooked chicken
Paprika
Parsley for garnish (optional)

In saucepan, simmer potatoes in water and salt for 10 minutes; drain well.

In skillet, in hot butter, saute onion three minutes. Add flour, and stir until blended. Gradually add chicken broth, stirring constantly. Add pepper, thyme, basil, rosemary and cheese. Simmer three minutes. Place one-half of the chicken in bottom of a 1 1/2-quart casserole. Add one-half of the potatoes and one-half of the sauce. Repeat layers. Sprinkle with paprika. Bake, uncovered, in a preheated moderate oven (350 degrees) for 30 minutes. Garnish with parsley sprig, if desired. Makes four servings.

The art of cooking probably goes back to primitive times when cooks wrapped food in large leaves to bake over hot stones. Its continuous basic appeal seems to be in the element

of surprise, whether the "wrapping" is pastry or leaves.

Here is a delicious new addition to this fascinating culinary tradition for chicken in pastry.

The filling for the pastry "wrapping" is a tempting mixture of chicken, green beans and sliced mushrooms which have been simmered in a smooth creamy gravy made from instant cream style chicken flavor soup.

Once the filling has cooled, it is spooned onto rectangles of refrigerated crescent rolls. Seal the squares and bake briefly until they puff up, golden and delicate.

Serve them with a perky, luscious sauce, made in seconds with the versatile instant cream style chicken flavor soup, soy sauce and a dash of ginger. This adds a different and delicious taste-dimension to the dish.

With a crisp tossed salad this dish would be perfect for a charming dinner for two, or a delightful Saturday night supper party.

CHICKEN WRAP-UPS

2 tablespoons cooking oil
2 whole chicken breasts, skinned, boned and cut into 3/4-inch pieces
1 package (10-oz.) frozen French style green beans, thawed
1 jar (4 1/2-oz.) sliced mushrooms, drained
2 envelopes instant cream style chicken flavor soup
1 cup water
3 tablespoons soy sauce
1/4 teaspoon ground ginger
1 package (8-oz.) refrigerated crescent rolls

Preheat oven to 375 degrees. In medium skillet, heat oil and cook chicken until opaque; add green beans, mushrooms, instant cream style chicken flavor soup mixed with water, soy sauce and ginger. Simmer, stirring occasionally until liquid is reduced by half; cool slightly.

Separate crescent rolls into four rectangles; seal perforations. Spoon 1/4 chicken mixture onto center of each rectangle. Gently pull dough from each side toward center to completely cover mixture; seal tightly.

Bake on ungreased cookie sheet 15 minutes or until golden. Serve, if desired, with Chicken Ginger Sauce. Makes four wrap-ups.

Chicken Ginger Sauce: In small bowl, blend one envelope cream style chicken flavor soup with two-thirds cup boiling water, 1/2 teaspoon soy sauce and a dash ground ginger.

Ideas For Little Leaguers With Big Appetites

What's more all-American than baseball? Hot dogs — that's what!

Baseball and hot dogs have been great American go-togethers for years. As this baseball season begins, here are two new recipes for the old-time favorite hot dogs.

Fielder's Choice Franks are a winning combination of traditional "flavorites." Spread a mixture of prepared yellow mustard, catchup, and peanut butter on slices of bread, then wrap them around the franks. The bread toasts up crispy as the hot dogs cook to perfection.

Big League Baked Franks, as the name implies, are also in oven-baked variation on the frankfurter theme. A surprise ingredient, an envelope of potato pancake mix, teams up with the frankfurters for a homerun combination.

Whether you are feeding little leaguers with big league appetites or television viewing fans, either of these recipes served with carrot sticks, dill pickles, ice cream sandwiches and milk is sure to make a hit!

FIELDER'S CHOICE FRANKS
8 to 10 slices white bread
1/4 cup prepared yellow mustard
2 tablespoons catchup
2 tablespoons crunchy peanut butter

1 pound frankfurters (8 to 10)
Melted butter

Trim crusts from bread (save crusts to use for bread crumbs). Flatten each slice of bread with rolling pin. Combine mustard, catchup and peanut butter; spread on bread. Place a frankfurter diagonally across each slice of bread. Wrap corners of bread up over frankfurters and fasten with wooden picks. Brush outside of bread lightly with melted butter. Bake at 400 degrees for 15 to 20 minutes, until frankfurters are heated and bread is lightly toasted. Four or five servings (two per serving).

BIG LEAGUE BAKED FRANKS

1 egg
3/4 cup water
1 envelope (4-servings) potato pancake mix
2 slices uncooked bacon, diced
2 slices process American cheese, diced

Try Hot Ham Salad

Combine 12 ounces (1 cup) ham cubes; 1 can (13 1/2 oz.) pineapple chunks, drained; 1 cup chopped celery and 1/4 cup chopped green pepper.

Add 1/2 cup salad dressing and 1 tablespoon prepared mustard; mix well. Place in a 1 1/2 quart casserole. Bake in preheated hot oven (400 degrees) 20 minutes. Yield: 6 portions.

Kelley To Head Jackson Campaign In Michigan

TROY, Mich. (AP) — Sen. Henry Jackson selected Michigan on Tuesday night as the site of his first formal presidential campaign organization, explaining "this is a very important state—one of the big nine."

The Washington Democrat said Michigan Atty. Gen. Frank Kelley would head his campaign effort in Michigan and other parts of the industrial Midwest.

At a news conference with Kelley, Jackson said he has organizations in all the other 49 states, but only "on a limited basis." He noted that Michigan is the sixth most populous state of the nine that will send a

vention.

The senator's political director, Robert Keefe, said Jackson is going slow this early before the election because of new federal laws limiting campaign spending.

He declined to specify which primaries he planned to enter, saying the expense would be a critical factor. He also noted that several states, including Michigan, are considering eliminating their presidential primaries.

Jackson was in Troy, in suburban Detroit, for a fund-raising reception.

Later he attended a meeting of the Oakland County

Democratic party in nearby Pontiac where he spoke of the need for legislation "to protect American workers against the loss of their homes or their insurance protection while unemployed."

He said the federal government should pay health insurance premiums for unemployed workers and provide loans to help jobless homeowners meet mortgage payments.

A HIT WITH MONEY

PORT ELIZABETH, South Africa (AP) — A city official delivering the equivalent of over \$25,000 in cash to a local bank failed an attempted robbery by slashing the would-be thief over the head with the money bag.

EYES A WINNER?: Michigan Atty. Gen. Frank Kelley, left, listens as Sen. Scoop Jackson, D-Wash., announces that Kelley will head Jackson's '76 presidential campaign in Michigan and other Midwest areas during a press conference at Somerset Inn in Troy Tuesday night. (AP Wirephoto)

Education Would Receive Share Of Lottery Money

LANSING, Mich. (AP) — The state's share of money from the lottery would be earmarked for education under a bill the House passed to "live up to" its promises.

Approved, 79-22, on Tuesday and sent to the Senate, the bill designates the state's share of the net proceeds from the lottery, including unclaimed prizes and interest, for the school aid fund.

The school aid fund now is supplemented by the state general fund to finance education, with the lottery money going to the general fund.

The bill will not mean a penny more for education, according to Rep. Matthew McNeely, D-Detroit, the sponsor.

But, he said, it will decrease by a small amount the amount of general fund money that is needed to supplement the school aid fund. He said voters were persuaded to approve the lottery on grounds it would provide money for education, and the

legislature should live up to its promise.

"I think the basic reason we needed this bill is that when we began the campaign for the lottery we said everything that sounded good—the main thing being education," McNeely declared.

"Of course, the people went out and voted for it. So we did it and put the money in the general fund. We didn't earmark it for education. As time went on and we said we needed more money for education people said, 'Wait a minute,

where is the lottery money?'

"This is the most crucial time of all that public officials have got to live up to a lot of small commitments," he said.

The lottery earned about \$67 million in 1973-1974. School aid for 1974-1975 totaled about \$1.294 million, of which \$688 million came from the general fund and \$665 million came from the school aid fund.

Rep. Mel DeStigter, R-Albion, tried unsuccessfully to amend the bill so that the state's share of lottery proceeds would be earmarked for special education.

South Korea Hangs Plotters

SEOUL, South Korea (AP) — Eight persons convicted of plotting against President Chung Hee Park's government were hanged today, the Defense Ministry announced. They were the only executions to result from the emergency decrees Park issued in late 1973 and early 1974 to quell a growing wave of demonstrations demanding democratic reforms to modify his dictatorial rule, officials said. Six other persons including poet Kim Chiha and some student leaders were sentenced to death with them, but their sentences were commuted to life imprisonment.

Ford Executives Visit Egypt

DEARBORN, Mich. (AP) — A group of Ford Motor Co. executives are in Egypt this week to explore possible joint commercial ventures with the Arab nation, the automaker said Tuesday.

The delegation of 10 executives, headed by William

Bourke, chairman of Ford of Europe, arrived Sunday and will stay a week, to 10 days, the company said.

The automaker, which has an assembly plant in Alexandria, has been on an Arab trade blacklist since 1966, and Ford's desire to seek an end to the boycott is expected to figure prominently in the talks.

A spokesman said the group will meet with representatives of the Egyptian motor vehicle industry and possibly government officials.

"We plan to discuss several possibilities. However, our purpose is to explore possible areas of mutual interest rather than make specific project proposals at this stage in our discussions," said J. Craig Hausman, director of business planning for Ford's international automotive operations.

He did not say whether the executives would discuss the Arab boycott.

Ford was put on the blacklist, along with numerous other U.S.-based corporations, for its trade dealings with Israel. At the time it was placed on the boycott, Ford was supplying an Israeli dealer with stripped vehicles which were assembled

in final form by the dealer.

Ford's Egyptian assembly plant has been in mothballs since the start of the boycott, although a skeleton crew now uses the facility for limited engine reconditioning.

Before the boycott forced the plant's shutdown, Ford employed 300 workers producing six vehicles a day. The plant assembled cars, trucks and tractor kits shipped from the United States, Britain and Germany.

The Mideast visit is the second by Ford officials within the past two months. Earlier this year, Ford President Lee A. Iacocca made a fact-finding tour of Arab nations. But company officials said there were no formal discussions on joint commercial ventures or a lifting of the boycott.

Henry Ford II, company chairman, has made periodic trips to hold discussions with Egyptian officials concerning Ford's removal from the blacklist.

A company spokesman said the latest visit was not indicative of a major breakthrough, adding, "we are continually seeking discussions to end the boycott."

Sewer Board Adopts \$162,875 Budget

COLOMA — Copies of the 1975-76 operating budget for the Paw Paw Lake Regional Joint Sewage Disposal board have been distributed to officials of Coloma and Watervliet townships.

The budget, adopted by the sewer board April 1, calls for expenditures of \$162,875 for the fiscal year for operating the \$2.6 million sewage treatment plant, part of the \$12 million sewage system serving the cities and townships of Coloma and Watervliet.

A \$20,000 surplus in the

previous year's budget will be deducted from the operating assessments for each of the governmental units involved in the operation of the facility, according to Albert Steffens, board secretary.

The result will be a total operating assessment of \$142,875 for the new fiscal year. Steffens reported the metering system is now operable and will become the basis for the billing of governmental units on usage.

The sewer board will bill each municipality monthly and no longer charge \$10,000 quarterly per unit for operational expenses.

Tri-Unit Officers Re-Elected

Station officers for the Tri-Unit fire department serving Stevensville, and the townships of Lincoln and Royalton, were recently re-elected for the 1975-76 year, according to Donald Kretschman, department secretary.

Stevensville station officers re-elected were Rudy Bohm, assistant chief; William Ott, captain; and Donald Rothermel, lieutenant.

Royalton station officers re-elected were Robert Koebel, assistant chief; Carl Mathews, captain; and Robert Kubsch, lieutenant.

Earlier this year, Lloyd Both was re-elected fire chief and Kretschman and Al Shafer were re-elected secretary and treasurer.

NEWSMAN DIES
WASHINGTON (AP) — John D. Morris, 60, assistant news editor of the Washington bureau of The New York Times, died Tuesday from injuries suffered in a bicycle accident two weeks ago.

TO OUR CUSTOMERS

For the past 19 years, we have prided in serving the public a superior Lake Perch. In speaking to our customers, we have found out that a great percentage of them are unaware that we are prohibited, by law, to remove, commercially, any perch from Lake Michigan. We have had no alternative but to ship our perch from Lake Superior through Canada. Over the period of time, the quality of the perch has been excellent, then three weeks ago the supply became sparse, the perch large and the taste a lot to be desired. Unfortunately, we too have fallen victim of this problem, however, we are not alone in this dilemma. Several of our friends owning restaurants in the Chicago area (Phil Schmidt's included) are faced with this identical situation and have temporarily removed perch from their menu.

As we have always said, if you are our customer so you are also our friend. As friends, we kindly ask you be patient, please bear with us another ten days or so and hopefully the ice in Lake Superior will have moved out and our supplier will again be able to go into open water to fish for our usual sweet, tasty perch.

So we may enjoy the pleasure of your company this Friday evening, we have contracted a source who will be providing us with baby Walleye's and if you are a true fish lover, you will agree that this is a gourmet delicacy. Even though the cost to us will be exceedingly higher, we will still offer to you the special of all you can eat, the same as we have done in the past with our perch. In two weeks we will be back to our normal menu of fresh lake perch.

If you would like to continue eating fresh lake perch in your favorite restaurant, be it located in Michigan, Indiana or Illinois, we ask you, in all sincerity, to support us in our actions with the Department of Natural Resources Commission in Lansing, by dropping a letter to this department in care of John Tody, stating to again allow the Commercial Fisherman certain periods of the year to supply us with fresh Lake Michigan Perch. We have sufficient proof that there is enough perch in Lake Michigan for both controlled commercial fishing and also for the enjoyment of the sports fisherman.

Looking forward to seeing you on Friday.

Unemployment Payments Drop

WASHINGTON (AP) — Unemployment benefits are paying less than last year's compensation, according to a survey of 100,000 workers in 1974. The Labor Department said that the number of workers receiving benefits in the week ending March 23 declined 1.5 percent from the previous week to 1.5 million.

moderate standard of living for a typical urban family of four during the fall of 1974 was estimated at \$14,300, an increase of \$1,733 over the previous year. The same size family can live at an austere level for \$9,300 or at a level allowing some luxuries for \$20,000, the Labor Department said.

—Former Federal Reserve Board member Andrew F. Brimmer predicted the recession would deepen beyond the administration's expectations and called on the Fed to push the nation's banks into a more liberal lending policy.

CELEBRATING BIRTHDAY: First Lady Betty Ford is embraced by singer Pearl Bailey at the Kennedy Center in Washington Tuesday night. Mrs. Ford, who is 57-years-old today, celebrated her birthday by attending the singer's performance at the center. (AP Wirephoto)

Calls For 'Partnership' On Foreign Policy Ideas

WASHINGTON (AP) — The ranking Republican on the House International Relations Committee has called for Congress to "build a new national partnership" with the White House on foreign policy.

Rep. William Broomfield of Michigan said a domestic consensus on foreign policy "has become tattered beyond recognition. Our task today is to determine what can be done to restore a semblance of bipartisan unity and purpose to the conduct of foreign affairs," he said.

"The time for recrimination or attempts to apportion blame

for past policy is over. We must now direct our search toward a new beginning, a sense of partnership in foreign affairs that will serve the nation..." Broomfield said.

Congress, he continued, should devote its energies to broad problems of energy, food, population, use of the seas and access to commodities, and help build a new sense of national purpose.

"We face an urgent requirement for positive action to bind the nation together and strengthen our ability to face the inevitable challenge of the coming years," Broomfield

said.

The future strength of the United States will depend on how well Congress conducts itself on foreign policy matters, he said.

Joint Mission Not In Jeopardy

MOSCOW (AP) — Soviet officials have assured the U.S. National Aeronautics and Space Administration (NASA) that the failure of a manned Soyuz space flight last weekend will not affect the joint U.S.-Soviet mission planned for July.

Niles FFA Youth Wins State Title

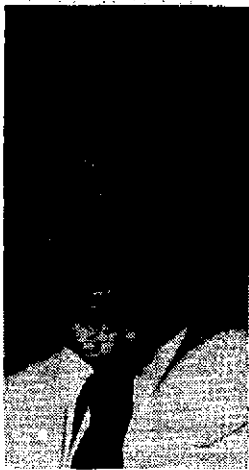

Bruce Foster, president of the Niles chapter of Future Farmers of America (FFA), was named the state's top eleventh grade FFA member during a convention in East Lansing recently.

He went to the 47th annual convention of the Michigan Association of FFA as one of 32 FFA juniors across the state chosen to receive Outstanding Junior Agriculture awards. At the convention, he was selected as the top winner among the 32. The award is sponsored by the

association and by the Alpha Gamma Rho agricultural fraternity and along with it goes a \$50 scholarship. All 32 youngsters must have displayed leadership abilities at the local level and must be good young farmers.

Bruce is also the vice president of Region 1 FFA clubs. He entered the grand champion beef animal at last year's Berrien County Youth Fair.

He is the son of Mr. and Mrs. Dale Foster, 3701 M-140, Niles.

BHHS Students Seeking Opinions

About 20 Benton Harbor high school students will put economics textbooks aside for a few hours next Saturday to go "shopping" for some direct opinions on the economy at K-mart, Riverview drive.

Working from card tables in front of the store, the students will ask citizens specific questions on the economy. Hours will be from 1 to about 4 p.m.

The students, mostly sophomores, planned the

project as part of their general business class, according to their teacher, Arlene Schneider. She said K-mart Manager John Rowdy has approved the project.

Sought will be a variety of opinions: How have spending habits changed because of inflation and recession? Is there really a fuel shortage? Should there be wage and price con-

trols? Is the government informing citizens accurately on the state of the economy?

Mrs. Schneider said answers received will be compiled by students into a report that

should aid other business classes.

In event of bad weather, project will be postponed to a later date, Mrs. Schneider said.

Citizen Trust Bank Veteran Retires

SOUTH HAVEN — John R. Malbone has retired as assistant vice president of Citizens Trust and Savings bank after 25 years service.

Stephen Brinks, formerly in charge of the bank's data processing department, has assumed Malbone's duties.

Malbone joined the predecessor Citizens State Bank in 1951, resigning in 1956 to conduct the

family hardware business following the death of his father. He rejoined the bank in 1963 as installment loan officer, and was transferred to the commercial department in 1968 where he was in charge of the commercial tellers until his retirement.

He was elected assistant cashier in 1967 and was promoted to assistant vice

president in 1970. He graduated from South Haven high school in 1928, and while in school was an athlete in

basketball and baseball. Malbone was honored at a retirement dinner March 26 at Fidelman's restaurant.

29 Million Get Help From CARE

NEW YORK (AP) — Almost 29 million people were helped by CARE in 36 countries during 1974, according to the agency's annual report.

More than 20 million people, mostly children, received daily supplemental feeding. Emergency relief went to 7 million victims of droughts or floods.

Mackinac Island Voters Elect First Woman Mayor

MACKINAC ISLAND, Mich. (AP) — Voters broke one tradition but followed another Monday, electing a third-generation of Dougs their mayor. She is Margaret Doud, the first woman to hold the post.

Grandpa James Doud was mayor in 1934; Her father, Robert, held the job between 1938 and 1940.

"I just hope I can roll with the punches," the 31-year-old brunette said Tuesday after her victory over former mayor Otto Enmons.

"My father always says 'the smaller the town, the greater the faction.'"

Miss Doud, a willowy 5-foot-6 with green eyes and long hair, got the job by defeating Enmons. He was mayor for several terms before being defeated two years ago by Clemens Gunn, a former Chicago stockbroker. Gunn didn't run again.

"My whole campaign only cost about \$70," she said. "It all was spent on stationery and postage to mail a nice letter to the island's

absentee voters.

"I didn't want to run my campaign out of a saloon. We've got too much to accomplish for that kind of stuff."

The strategy paid off as she received 120 absentee votes and 135 from voters at the poll for a 255-191 victory over Enmons.

Miss Doud's father owns the Windermere Hotel and her uncle, Francis, runs Doud's Mercantile Co., the island's only grocery store since 1881.

Miss Doud, who was graduated in education from Central Michigan University, manages the hotel and owns a gift shop with her mother. She taught at the island school for four years and still substitutes there.

Miss Doud got her first taste of politics about a year ago when she was appointed to fill a council vacancy.

"I felt there was a need to continue to do everything we can to keep the island running at smooth keel," she said, "so I knew I would either run for the council, when my appointment was up, or

run for mayor."

Her Honor, whose hobbies include reading and needlepoint, will be sworn in next Monday night. She said she still has some reservations about becoming the island's first female mayor.

"Being a woman, I feel like I have a strike against me," she said. "The 'movement' hasn't quite hit Mackinac Island."

"I guess some people campaigned against me, saying a woman

shouldn't be elected mayor."

Her busy life on the island, however, does have its price.

"I think my last date was last summer," she said, "and I can't even remember who it was with. We rode our tenspeeds around the island."

"I have no interest in romance right now. My mother says I'm too picky and too independent."

Auto Workers' Benefits Run Out

DETROIT (AP) — Thousands of laid-off auto workers begin a certain financial struggle to survive next week, when exhaustion of special jobless benefits cuts their unemployment pay by up to two thirds.

For Billie Hewlett, a laid-off Chrysler Corp. worker in Detroit, it means supporting herself and a child on \$64 a week. For Harold Rands, an assembler with a wife and five teenagers in Poplar Grove, Ill., it means making ends meet on

\$118 a week.

In one fell swoop this week, Chrysler will turn off the tap on its Supplemental Unemployment Benefits (SUB) fund. Massive and prolonged layoffs have depleted the fund's cash reserves.

When that happens—Chrysler says no more SUB checks will be mailed out after Friday—33,400 laid-off production workers will lose between \$30 and \$110 a week.

SUB, when combined with regular unemployment compensation, was designed to provide eligible laid-off workers with an average \$170, or almost 95 per cent of their take home pay.

The fund, which has kept furloughed auto workers financially afloat in past years, was not created to handle layoffs of the magnitude forced by the auto industry's slump.

Auto workers are not the nation's only victims of recession. But they see their sudden poverty especially painful.

Among the nation's highest-paid industrial workers, paid an average \$8 an hour, many were taking home \$250 or more a week up to two years ago, when overtime abounded to keep up with the record demand for cars.

Even during more austere time last year, the average assembler took home \$180 to \$200 in pay.

Chrysler workers have been hardest hit in the industry, with as many as 64,000 of the 114,000 production workers on layoffs at once. Now the number is 42,200. General Motors also has been hard hit, and union officials say its SUB fund may run dry in mid-May. That would leave all of GM's 137,500 laid-off workers to live on income from unemployment compensation.

United Auto Workers officials say it may be months before enough company money is put

back into SUB to allow checks to flow again at Chrysler. Some say Chrysler may not pay SUB for at least six months, unless there is a dramatic sales recovery.

Meantime, idled Chrysler workers, such as 20-year-old Gabriel Chuchiarrelli of Detroit, will learn to live on what he calls a subsistence allowance.

"We can't afford a decent place to live," says Chuchiarrelli, who, with his wife, Rita, 16, is living at his mother's house.

Request Compliance With Zone Ordinance

GALLEN — Galien township board last night instructed Russell Babcock, township clerk, to notify a township resident requesting him to comply with the township zoning ordinance.

Board action came after it had received several complaints about a junkyard operated by Jerry Spiker on Hudson Lake road. Spiker had established his junkyard before a zoning ordinance was adopted last year.

The ordinance states that a property owner may not maintain inoperable vehicles on his property without a salvage license.

It was reported he was denied a request to expand his business by the township zoning board because he did not such a license.

In other areas, the board voted to accept an agreement with Sodus township for use of two radio frequencies on the Sodus township owned radio communication system at no cost to the township.

The board voted to join the Michigan Township association for \$10 a year and decided to continue to hold its monthly meetings on the first Tuesday after the first Monday of each month.

PLAZA RIVERVIEW DRIVE

Miners Protest With Big Trucks

WASHINGTON (AP) — In one of Washington's noisiest, most colorful demonstrations ever, more than 500 huge coal trucks rumbled outside the White House and the Capitol to protest the strip-mining legislation before Congress.

The trucks were accompanied Tuesday by some 2,000 miners, coal truck drivers and mine operators who claimed the legislation would cripple the coal mining industry and throw them out of work.

The protesters, most of them from the Appalachian states, arrived in a 30-mile long caravan which took four hours to wind its way through downtown Washington, where crowds of pedestrians watched in astonishment as the honking, grinding trucks paraded down streets more accustomed to limousines.

The leader of the parade was Scott Patton, 19, of Coeburn, Va. Patton's truck was a purple, eight-speed rig, 10-feet high and 22-feet long, capable of carrying

almost 30 tons of coal, he said. "The reason why we're here is that the legislation they've got in Congress is going to put us all out of work," said Hershell Pennington, 30, from St. Charles, Va.

The protested legislation has been approved in varying forms by both the House and the Senate and is now in a conference committee to resolve differences.

The bills would require strip-mine sites to be restored approximately to their original contours. Opponents claim these requirements would virtually eliminate strip mining on steep slopes.

Sen. Harry F. Byrd, Ind.-Va., says the Interior Department predicts the legislation would eliminate 37,000 jobs and cause coal production to drop 40,000 tons a year.

President Ford vetoed a similar bill last December. The main reason for the demonstration was to encourage members of Congress to sustain Ford's

WINS OSCAR: Robert De Niro (above) was named best supporting actor of the year tonight for his role in "The Godfather Part II" at the annual Academy Awards in Los Angeles. (AP Wirephoto)

position if the President again vetoes the legislation, according to Jim Brown, steering committee chairman of the Appalachian Organization of Surface Miners and Truckers.

However, the claims of the protesters that the bill would force the closing of numerous mines and threaten thousands of jobs was challenged by Rep. Morris K. Udall, D-Ariz., the prime House sponsor of the bill.

Senate Energy Bill Vote Near

WASHINGTON (AP) — The Senate appears ready to approve a bill aimed at forcing Americans to conserve energy without paying the sharply higher prices advocated by President Ford.

The bill would give the president standby authority to ration gasoline in the event of another boycott by petroleum-producing countries, and includes longrange power for the states to determine how best to meet federal conservation goals.

The Senate scheduled a vote today on an amendment to end federal controls on oil prices, a move sponsors concede would see the price of most U.S. oil rise from the current \$5.25 per barrel to more than \$12.

Meanwhile, the Justice Department said it is checking into rapid increases in coal prices but finds no evidence so far of any conspiracy to drive the prices up.

Competition in the coal and oil markets may have dwindled to the point that excessively high coal prices became possible, Joseph Sims, special assistant to Atty. Gen. Thomas E. Kauper, said in an interview.

In other energy developments: —The Navy announced that 10,000 barrels of crude shale oil produced at a Colorado reserve have been refined into military fuels.

—Democrats who control the House Ways and Means Committee discussed alternative forms of energy tax legislation without reaching final

agreement, a participant said. The broad conservation bill under consideration by the Senate contains two basic types of authority.

One is a series of standby powers under which the president, with congressional approval, could impose emergency measures during periods of acute energy shortages, such as the 1973-74 Arab oil embargo.

The other consists of complicated procedures for long-range state-federal conservation efforts, again subject to congressional approval.

Under the long-range plans, a state could require, for example, that gasoline stations close on Sunday, that decorative outdoor home lighting be extinguished and that businesses limit their hours of operation to save energy.

The unusual part of the bill, prepared by the Senate Interior Committee, would allow each state to determine how it could best meet the conservation goals established by the Federal Energy Administration.

For example, if FEA directed, and Congress agreed, that every state should reduce energy consumption by 3 per cent during the third quarter of 1975, one state could meet the goal by imposing the odd-even system under which a motorist could buy gasoline only on every other day.

Incumbent Surprised

CHARLEVOIX, Mich. (AP) — The Charlevoix County Board of Canvassers accepted 18 questionable ballots Tuesday, giving incumbent Charlevoix Mayor Ed Hansen a surprising last-minute write-in victory.

Hansen had trailed city councilman Ralph McCrae by five votes before the board of canvassers ruled to accept the challenged ballots.

Hansen had opposed a city charter resolution, which passed in Monday's voting, while McCrae favored the new charter.

Parents Of Missing Girls Wait, Hope

KENSINGTON, Md. (AP) — Fifteen days after their 13- and 11-year-old daughters went out for some pizzas and did not return, John and Mary Lyon still await the call that could end their ordeal in either grief or joy.

The case of the missing Sheila and Kate Lyon has attracted massive publicity in the nation's capital. It also has baffled the

best minds of the area's law enforcement agencies, including the FBI.

Search parties have long since combed miles around the Lyons' suburban home. Divers have dragged the area's waters. Specially trained dogs have been flown in only to lose the scent. And scores upon scores of tips, ranging from hunches to purported sightings, have been

called in by well-meaning citizens but to no avail.

Police are virtually convinced the two blonde youngsters are not runaways. For one thing, they're too young to have been gone so long without being reported. For another, their home, by all indications, was a happy one.

The girls, on the first day of their Easter vacation from school, walked out the front door and headed up a flagstone

path through the woods to a nearby shopping center.

"I said to them, 'Why don't you stop off and get some pizza,'" recalls Mrs. Lyon. "I remember Kate complained that a slice of pizza used to be 40 cents and now it's 45 cents."

By 8 p.m., "We were really scared" and her husband called the police, she said. "They took us seriously right from the start."

One leading theory is that the girls were abducted by a 50-to 60-year-old man who was seen tape recording a conversation with them on a bench outside the pizza parlor the afternoon of the day they disappeared.

The most striking of hundreds of unconfirmed leads came Monday, when a motorist in Manassas, Va., 30 miles from Kensington, reported seeing a station wagon driven by a man whose description matched that of the suspect — with two girls

the witness thought were tied up in the back seat.

But police couldn't find any such car despite flooding the roads with patrol vehicles. At least 400 citizen band radio operators also roamed the Virginia suburbs without finding the station wagon.

At the Lyon household John, who is a radio announcer, Mary, and their son and a third daughter keep a round-the-clock vigil near the telephone.

HE'S DOUBLE LOSER

Bravery Doesn't Pay

PHILADELPHIA (AP) — A cripple at the Reading Railroad terminal unnerved a gang of kids who made off with his tin cup by screaming and pursuing them in his wheelchair. The youths threw down the cup, scattering the old man's money. A passerby saw the man's predicament, gathered up the coins — and then ran off with the money himself, police reported Monday.

Trio Support Jacobsen Testimony

WASHINGTON (AP) — Prosecutors are laying out a web of circumstantial evidence in an attempt to bolster the story of their star witness in the bribery trial of John B. Connally.

Seven witnesses appeared in rapid-fire order Tuesday afternoon after defense lawyer Ed-

ward Bennett Williams concluded a day - and - a - half cross-examination of Jacobsen, the man who says he gave the former Treasury secretary two illegal \$5,000 gifts. The money allegedly was given Connally for his efforts in persuading the Nixon administration to raise milk prices.

Williams got Jacobsen to admit he was uncertain about some details of his story, including whether or not a third \$5,000 gift was made.

But then prosecutors put on the witness stand a hotel waiter, a bank clerk and others who

supported various elements of Jacobsen's story.

In 1971 Jacobsen asked for \$10,000 to give to Connally, said former dairy lobbyist Bob A. Lilly. He testified he gave Jacobsen the money and later delivered another \$5,000 when Jacobsen said Connally wanted more. U.S. District Judge George L. Hart told jurors that Lilly's testimony doesn't prove what Jacobsen eventually did with the cash.

In 1973, Lilly said, he told Watergate prosecutors about the money when he confessed to the illegal political activities of

his organization, Associated Milk Producers Inc. of San Antonio, Tex. Jacobsen says this confession set in motion a cover-up of the bribe.

Oct. 23, 1973: Lilly testified he arrived at the San Antonio airport at 2:30 a.m., hours after spilling his story to prosecutors in a Washington hotel room, and was surprised to find his boss Harold Nelson waiting for him. He told Nelson he had confessed to prosecutors.

Oct. 24: Telephone company records show a call was made to Jacobsen's phone, charged to Nelson.

Boy, 16, Testifies He Saw Blaze Set

PAW-PAW — A 16-year-old boy testified yesterday that he watched a fire being set that destroyed the main building at a South Haven township lumber yard Nov. 20.

David Boynton, 16, Miami Park subdivision, South Haven, testified in Van Buren Circuit court in the opening day of the trial of Duane Thompson, 23, and David Bowden, 21, South Haven, accused of arson in the fire that caused an estimated \$500,000 loss at Lappo Lumber company.

Boynton told the court he went to the lumber yard with Bowden and Thompson the night of the fire and watched the blaze being set.

Boynton testified he was not sure which of the defendants actually started the fire. Boynton also admitted trying to set a fire himself but said he was not successful.

The lumber yard fire started, Boynton testified, because Bowden was angry at local police.

During cross examination of Boynton, defense Atty. Daniel French asked the witness if he had been offered a deal by the prosecution of not being prosecuted on a charge of safe burglary

in a separate case in return for testimony in the arson trial. Prosecutor Frank Willis objected, denying any deals were offered Boynton. Judge David Anderson ordered the allegation of a deal removed from the record and reprimanded French for "an improper line of questioning" after the jury had been excused from the courtroom.

Later, another prosecution witness, Dennis Foster, 20, of South Haven, testified that he had been offered a reduction in charge from safe burglary to attempted breaking and entering in return for testimony in the arson trial.

The incident involves theft of a safe from a South Haven area home last November. Foster is awaiting trial in connection with that case.

Foster also testified Thompson and Bowden plotted to kill Boynton because he was telling friends about their involvement in the fire.

Foster said the plot was to drug Boynton, but it failed because police started to make arrests in the case.

Another witness, Pamela Golden, testified that Bowden

previously had threatened to burn South Haven city hall.

Det. Sgt. Philip Nielsen of the fire marshal's division of the state police told the court he was not able to determine if the fire started accidentally or was set.

Atty. French said in an opening statement the defense would be based on testimony from witnesses that the defendants were elsewhere when the fire started.

Meanwhile, in another court action stemming from the Lappo fire, Samuel Lopez, 23, 260 Park avenue, South Haven, demanded preliminary examination when arraigned on two counts of felonious assault.

Lopez appeared in 57th District court in Allegan after being arrested by state police in connection with the alleged threatening of two witnesses scheduled to testify in the arson trial of Bowden and Thompson.

Lopez was ordered jailed in lieu of \$20,000 bond.

Thompson also is charged with extortion in connection with alleged threatening of witnesses.

DEATHS AND FUNERALS

Gorman Rites Set

Funeral services for Willie Gorman, 45, 784 Superior street, Benton Harbor, who died Tuesday in Mercy hospital, will be held at 2 p.m. Friday in Pleasant Grove Baptist church. Burial will be in Crystal Springs cemetery.

Friends may call at Robbins Brothers funeral home beginning Thursday.

Brown Rites Set

Funeral services for Mrs. Estella Brown, 82, 424 Rifford street, Benton Harbor, who died Monday in Mercy hospital, will be held at 2 p.m. Thursday in Pilgrim Rest Baptist church. Burial will be in Crystal Springs cemetery.

Friends may call at Robbins Brothers funeral home. Mrs. Brown was a charter member of Elizabeth Chapter, No. 32, OES.

Crenshaw Rites Set

Funeral services for Vennie Crenshaw, 58, 1940 Hull's Terra, Benton Harbor, who died Monday in Mercy hospital, will be held at 11 a.m. Thursday in Union Memorial AME Church. Burial will be in Crystal Springs cemetery.

Friends may call at Robbins Brothers funeral home.

Mrs. Ola Moore

Mrs. Ola E. Moore, 67, 430 Ohio street, Benton Harbor, died at 11 a.m. Tuesday in Mercy hospital, following an illness of six months.

Mrs. Moore had resided in the area 10 years, coming from Nashville, Mich. She was a member of Golden Agers and Senior Citizens Club.

Surviving are two daughters, Mrs. Sam (Sandra) Mohline, Sodus and Mrs. Douglas (Alice) Evans, Tucson, Ariz., and a brother, Kenneth Reynolds, Nashville. Her husband, George, preceded her in death.

Funeral services will be held at 2 p.m. Thursday in Fairplain chapel, Florin funeral home, where friends may call. Burial will be in Crystal Springs cemetery.

Elder E. Williams

Elder Everette Williams, 71, 1770 Waukonda street, Benton Harbor, died Tuesday evening in Mercy hospital, where he had been a patient since last Saturday.

Mr. Williams had resided in the area 50 years.

Surviving are his widow Alma, a daughter, Mrs. Helen Parks and a son Wardell, both of Benton Harbor; a brother Charley Williams, Lexington, Tenn.; a sister, Mrs. Valentine Nesby and two stepbrothers.

Ezell and William, all of Lexington

Funeral services will be held at 11 a.m. Friday in Flake's Temple Church of God and Christ. Burial will be in Crystal Springs cemetery.

Friends may call at Robbins others funeral home beginning Thursday.

Henry C. Ford

Henry C. Ford, 87, Chatham, Ill., formerly of Stevensville, died April 4 in Chatham.

Surviving are a son Henry A. Ford, Stevensville and a sister, Mrs. Lena Newby, Logansport, Ind.

Funeral services were held last Sunday in Memorial Gardens, Palmetto, Fla.

Clayton Zecher

Clayton Zecher, 92, Dayton, Ohio, and Benton Harbor, died at 4:15 p.m. Tuesday in Miami Valley hospital, Dayton.

Surviving are a daughter, Mrs. Fred (Helen) Paden, Benton Harbor and a brother, Herb Zecher, Dayton.

Funeral services will be held Saturday in C. J. Miller and Sons funeral home, Greenville, Ohio. Burial will also be in Greenville.

Greve Rites Set

WATERVLIET — A funeral mass for William Greve, 79, 5537 Lake drive, Colonia, who died Monday evening at his home, will be celebrated at 11 a.m. Thursday in St. Joseph Catholic church. Burial will be in St. Joseph Catholic cemetery. The rosary will be recited at 8 this evening in Hutchins funeral home, Watervliet.

Rollo Higgins

FENNVILLE — Rollo Higgins, 80, Route 4, Fennville, died Tuesday afternoon in Community hospital, Douglas, following an illness of six months.

Mr. Higgins was a retired farmer. Surviving are his widow, Violet; four sons, Rollo Jr., Robert and Everett, all of Fennville and Marvin, Hamilton, Mich.; and a daughter, Mrs. Clyde (Katherine) McKellips, Fennville and a brother Norman, Fennville.

Funeral services will be held at 2 p.m. Friday in Chappell funeral home, where friends may call after 7 this evening. Burial will be in Fennville cemetery.

TAKES GIFT BACK

BEIRUT, Lebanon (AP) — The Soviet Union gave Egypt an advanced MIG25 jet fighter but took it back after it made a single reconnaissance flight over Tel Aviv.

South Haven Selects Clean-Up Week Slogan

SOUTH HAVEN — "We're high on community pride!" will be the slogan for South Haven's cleanup week, May 17-24. Brenda Faber, a seventh grade at St. Basil Catholic school, submitted the winning slogan which was selected from nearly 200 entries by South Haven school children. The contest was sponsored by the South Haven Jaycees, Ben Plachta chairman.

'Skitch' Ready To Start Prison

HARRISBURG, Pa. (AP) — Band leader Lyle C. "Skitch" Henderson has surrendered at a federal prison camp to begin a six-month term for filing false income tax returns. Henderson, 57, will serve the term at the minimum security Allenwood federal penitentiary in central Pennsylvania. Henderson, whose band played for several years on NBC-TV's "Tonight" show, was convicted in December of putting an inflated \$350,000 income tax value on a collection of musical scores and arrangements donated to the University of Wisconsin. The scores were "almost worthless," said the federal judge who sentenced Henderson to the prison term and fined him \$10,000. Henderson surrendered on Tuesday.

'Godfather-II' Wins Six Oscar Awards

(Continued From Page One)

certain how the film would turn out when it was in production, and he referred to it privately as "God-turkey."

Coppola was also nominated in two other categories — best picture ("The Conversation," which he produced and which competed against "Godfather-II") and for best original screenplay for "The Conversation."

"It was a risky way to make a \$13 million film," the moviemaker said of "Godfather-II."

"I could have made it fast-paced and spectacular.... We tried to make a film that would be a really good film."

Two years ago, Coppola lost in the best director's race for "The Godfather," but the film and its star, Marlon Brando, won Oscars.

Miss Burstyn, in a New York play, and De Niro, making a film in Italy, did not claim their awards. Miss Bergman was there and she received a standing ovation from the admiring audience.

"All good things come in threes," she commented afterwards, referring to her previous wins as best actress for "Gaslight" (1944) and "Anastasia" (1958).

She added that "there was so little work in the role and I felt a little awkward" (that was why she paid high tribute in her acceptance speech to another contender, Valentina Cortese, nominated for "Day for Night").

Only Helen Hayes and Jack Lemmon have also won Oscars in both the main acting category and in a supporting role.

"Amarcord," Federico Fellini's affectionate autobiographical film of prewar Italy, was named best foreign language film of the year.

Best song Oscar went to "We May Never Love Like This Again," from "The Towering Inferno." The disaster film also won for cinematography and editing.

Unlike recent Oscar casts, Tuesday night's went off smoothly and with little incident. No streakers, no refusals of Oscars.

The closest thing to controversy came when producer Bert Schneider accepted the award for best documentary feature for his film opposing the Vietnam War, "Hearts and Minds."

The producer read a telegram of friendship from the Viet Cong delegate to the Paris Peace talks.

Later in the program the Motion Picture Academy

answered through emcee Frank Sinatra: "We are not responsible for any political references made on this program tonight and we are sorry they were made."

The award to De Niro was a surprise since he was competing with two actors — Michael C. Gazzo and Lee Strasberg — from the same film, and with the sentimental favorite, Fred Astaire of "The Towering Inferno."

Also, there was a question whether De Niro's role was actually supporting or of full star status with Al Pacino.

However, the 3,200 academy voters decided De Niro's performance was the best in support.

The proceedings were marked by two sentimental bouquets to the past.

Miss Bergman presented a special Oscar to veteran French director Jean Renoir, too ill from a recent operation to attend the ceremonies.

Said Miss Bergman, "In the cinema universe, he is the living god."

John Wayne, who appeared in four Howard Hawks films, presented another special Oscar to the veteran director.

Hawks recalled conversing with John Ford in the late director's final days and hearing Ford's prediction, "You're gonna get an award."

Hawks told the audience, "I'd like to thank the academy for making that prediction come true."

Fight Way Into City

(Continued From Page One)

recommended that President Ford ask Congress for \$500 million in immediate additional military aid for South Vietnam, \$200 million more than Ford requested in January.

But Sen. John G. Tower, the chairman of the Senate Republican Policy Committee, and a leading backer of administration foreign policy, said the President would have to be "extremely persuasive" to get approval of any military aid for Saigon.

North Vietnam's foreign ministry charged that the large American naval task force assembled off the Vietnamese coast "allegedly to evacuate Americans in South Vietnam is actually aimed at interfering in South Vietnam in an attempt to save the Nguyen Van Thieu clique and prolong the war."

Ruling Releases Juvenile Records

LANSING, Mich. (AP) — The law limiting access to juvenile court records does not apply to police department records, the Michigan Supreme Court ruled.

The court ruled Tuesday that juvenile police records can be disclosed by police departments. Disclosure of these records, the court ruled, is up to the police departments and not

up to the probate court.

The high court decision came on a suit filed by the Aetna Casualty & Surety Co. against the juvenile division of Oakland County probate court.

Aetna, representing persons injured by juvenile vandalism and attempting to discover the identities of those responsible, sought and was denied access to police records of juveniles in Oakland County, court record showed. The police departments refused on grounds that under the juvenile court records statute only the probate court has the power to disclose juvenile records.

Aetna then asked the Oakland County Probate Court for access to the juvenile court files of children, whose names they did not know, who had committed similar offenses.

The court denied the request. Oakland Circuit Court affirmed that action, court records showed.

The Michigan Court of Appeals then ruled that the insurance company could have limited access to the court records, only insofar as the identities of the children and their parents is concerned. The supreme court's action reverses all the previous court actions.

The high court ruled that Aetna had not proven that it would be unable to pursue their legal remedies without access to the court records and ruled that at this time there is no need to decide whether the company has "a legitimate interest" in the probate court juvenile records.

However, the high court ruled, "The original police records are not in the juvenile court files. We hold that police records are not encompassed within the meaning of the given statute."

Experiment Will Test Ozone Peril

PHILADELPHIA (AP) — Experiments to prove conclusively whether or not spray can propellants are damaging the ozone could be performed during the next few months, two scientists said today.

Chemical industry spokesmen have said three to five years would be needed to see whether the fluorocarbons, also called by the trade name Freon, are indeed damaging the protective ozone layer in the stratosphere.

"The research methods we propose won't take three years," said Dr. F. Sherwood Rowland of the University of California, Irvine.

"Experiments of these kinds could be performed during the next few months."

Rowland and Dr. Mario J. Molina, of the same university, made the latest contribution to the Freon controversy in a report to the 16th national meeting of the American Chemical Society.

Growers Turn To U-Pick

(Continued From Page One)

more varieties are needed to extend the harvest season. And he added that U-Pick buyers aren't, in his opinion, a dependable market for all his blueberries.

The agricultural economist presented an analysis of the costs of production for several crops.

Using rough figures, Kelsey showed that its costs \$3.56 for each 16-quart crate of strawberries for labor, fertilizer, plants, sprays, machinery and overhead. And to harvest each 16-quart crate of berries, Kelsey said, costs roughly \$4, when picking rates and the costs of housing, insurance and other expenses for harvest crews, and equipment are taken into account.

Hearing these figures, one farmer in the audience commented "that's why U-Pick strawberries are so popular."

It costs about 38 cents to raise a dozen ears of sweet corn and 17 cents for harvest, Kelsey said. Tomato costs are about \$1.06 per bushel to grow and \$1.88 to harvest.

The morning session of the meeting was devoted to roadside marketing, according to Glen Antle, southwestern Michigan marketing agent. Antle organized the meeting and was joined by other extension agents during the program.

Eau Claire Motorist Hospitalized

NILES — Mrs. Annie Waldrop, 58, route 1, Pipestone road, Eau Claire, was listed in poor condition at Niles Pawatung hospital this morning suffering from injuries she received in a two-car accident south of here yesterday.

Niles township police said Mrs. Waldrop suffered head and chest injuries in the 11:43 a.m. Tuesday crash at the intersection of US-31 and Bell road.

Police said the woman was driving an auto headed north on US-31 when she attempted to turn west onto Bell road and drove into the path of an auto headed south on US-31 driven by Hosea Thomas Jr., 27, 208 Hillside road, Berrien Springs.

Police said two passengers in Mrs. Waldrop's auto, escaped injury. Thomas, and a passenger in his auto, escaped injury. No tickets were issued, but police said the accident was still under investigation.

Funeral arrangements were incomplete today at Hutchins funeral home, Watervliet.

It's News TODAY

Milliken Makes Appointments

LANSING, Mich. (AP) — An assistant Wayne County prosecutor and a Recorder's Court referee have been appointed Detroit Common Pleas Court judges. James Lacey, an assistant prosecutor, succeeds Irwin Burdick, who was appointed a Wayne County Circuit Court judge last January. Lacey will serve a term expiring Jan. 1, 1977, and will have to run for the remainder of Burdick's term in 1978. Arthur Bowman, a referee in Recorder's Court Traffic and Ordinance Division, was appointed common pleas court judge to succeed Benjamin Stanczyk, who retires May 1. Bowman will serve to Jan. 1, 1977, and will have to run for re-election in 1978.

Challenger Gains Ground

ANN ARBOR, Mich. (AP) — Democratic challenger Albert Wheeler gained dramatically on incumbent Republican Mayor James Stephenson Tuesday as counting continued in a complicated new preferential voting system. With second-choice ballots counted in 43 of 66 precincts Tuesday night, City Clerk Jerome Weiss said Wheeler was picking up an 88 per cent edge over Stephenson — well over the 83 per cent margin that Weiss says Wheeler needs to win the election. Weiss shut down the counting operation for the night at 9 p.m. and said he would resume again at 10 a.m. today.

Conviction Overturned

LANSING, Mich. (AP) — A Saginaw man's conviction for carrying a concealed weapon has been reversed because of irrelevant matters allowed in the trial by Saginaw County Circuit Court Judge Eugene Snow Huff. The state Supreme Court overturned the conviction of Elwood Johnson on a 5-2 vote. He was sentenced to five years in prison on a charge of carrying a pistol. The supreme court said Judge Huff improperly allowed the prosecutor's questioning and argument that the jury could consider Johnson's poverty and unemployment in determining guilt. Huff also wrongly suggested that Johnson was enroute to commit a violent crime, the high court said.

Witness Tells Of Draft Bribes

NEW YORK (AP) — A key government witness has testified that he paid more than \$50,000 to Army Maj. William Sangemino for aid in getting him exempted from the military draft or out of the Army. Sangemino, 45, of Ft. Hamilton, Brooklyn, was indicted Sept. 30 on charges of receiving the bribes from 1968-72. He is also accused of lying to a grand jury that investigated the scheme. The witness, Nathan Lerner, 62, testified in the U.S. District Court trial of Sangemino that he enlisted Sangemino's aid "exactly 401 times" to arrange military deferments for students or transfers or discharges from the Army.

Van Buren To Review 1,600 ADC Cases

By DENNIS COGSWELL
Paw Paw Bureau

PAW PAW — The Van Buren social services department plans review all 1,600 of its ADC cases during the next 60 days, according to director Charles Higgins.

The review, Higgins said, is part of a statewide effort to "clean up" the welfare case error rate to come into compliance with federal guidelines. He said the review was "not a witch hunt."

Higgins told county commissioners that under the plan, 11 per cent of the county's ADC recipients will be called on by caseworkers at their homes, and another 25 per cent will be asked to come in for face-to-face interviews. The remainder of the review will be conducted by mail, Higgins said.

Higgins said that 40 per cent of his staff had been detailed for the review, but expressed fear that the federal error rates were

"unrealistic."

"I don't know if we'll ever hit it," he commented.

For the 11 county region Van Buren belongs to, Higgins said, the error rate for overpayment and underpayment has averaged from 17-18 per cent, with the error rate of ineligible at 5 per cent. Federal tolerance levels are 3 per cent for ineligible and 15 per cent for overpayment and underpayment.

Higgins also expressed fear that some people whose cases are reviewed by mail may lose their aid because they do not understand the procedure. He said they will have 10 days to return the appropriate forms, and if they do not do so their aid will be cut off.

In other areas, commissioners learned that they may have to pay back \$8,780 granted the county from 1971-73 under the old Public Employment program (PEP). A letter from the state labor department noted that an employee hired under the

program, Gwendolyn Seely Mingo, had been found ineligible because she was employed in Detroit at the time she applied for the job. Under federal guidelines a person may not leave one job to take a position under a public employment program.

Commissioner Donald Hanson said Mrs. Mingo, formerly of Covert, was hired in December, 1971 by Judge Meyer Warshawsky as a juvenile court assistant. According to the letter, \$4,216 paid to Mrs. Mingo in fiscal 1971-72 has been disallowed, and another \$4,564 paid during fiscal 1972-73 was "questionable."

Roger Hoxie, county grant coordinator, said the state labor department recommended Mrs. Mingo be terminated in January, 1973, after an audit determined that she had left the Detroit job. Hoxie said that since the letter from the labor department was received, he has been notified to take no action on paying back the money because payment may be waived by the federal govern-

ment because of the state's low error rate in hiring people under public employment programs.

The commission designated May 4-11 as Older Americans Week in Van Buren county.

The commission voted to impose no restrictions on motorboats on Shafer lake until a majority of property owners showed that they were in favor of controls.

A resolution calling for strong state action to combat trespassing was approved.

Les Brown of the planning commission was appointed to represent the county on a Shoreland Advisory council set up by the Southwest Michigan Regional planning commission. Commissioner James Wellington said he feared that many people were unaware that federal flood insurance only covered losses caused by major storms, and not by natural erosion.

50-YEAR SUBSCRIBER: Louis A. Totzke of 9611 Cleveland avenue, Baroda township, gets his mail and paper in one trip. He has been a subscriber of St. Joseph Herald-Press, Benton Harbor News-Palladium and their successor, The Herald-Palladium for 50 years. (Staff photo)

Reader First Took Paper Back In '25

Louis A. Totzke Has Been Subscriber Ever Since

By DICK DERRICK
SJ City Editor

Very shortly after Louis A. Totzke married Frances Keeter 50 years ago, on March 28, 1925, he subscribed to the St. Joseph Herald-Press.

In fact the second entry in his family journal is a notation of a year's subscription to the newspaper. The first item was an insurance premium payment. The newspaper was delivered by mail in the country in those days and cost \$4 a year.

On the 50th anniversary of that initial subscription, Totzke, who now lives at 9611 Cleveland avenue, Baroda township, paid for another year's subscription. He has been a continuous subscriber for half a century. The daily newspaper is delivered by motor route carrier and costs \$3.75 a month.

The Louis Totzke family has lived on various farms in the past 50 years. The first was a farm owned by Henry Bartz in St. Joseph township.

Other farms the Totzkes operated included the family homestead on Lincoln avenue, a 160-acre farm Totzke owned on Kaiser road in Weesaw township and the present home on Cleveland avenue just north of Shawnee road.

Totzke remained a subscriber uninterruptedly throughout all those years. On occasion he would switch from The Herald-Press to its sister publication, Benton Harbor News-Palladium and he is happy with the successor of the two newspapers, The Herald-Palladium.

Mrs. Totzke said they always enjoyed reading the paper "otherwise we would not have taken it so long."

Louis Totzke was one of 13 children of Mr. and Mrs. August Totzke, German immigrants who settled on a farm in St. Joseph township.

Totzke noted that all the members of the family—he had five older brothers—all subscribed to the Twin City newspapers. He may, however, be the longest continuous subscriber of the clan.

Totzke will be 77 on May 8. He has led a busy life. After recuperating from a fall off a motorcycle when a young man—an accident that prompted doctors to predict he would never work again—he has been a grain and dairy farmer, a long-time state highway department employee, a builder, a recognized expert dynamiter and an early auto test driver for Nash Motors in Wisconsin.

At his present home on Cleveland avenue there is not a blade of grass out of place on the neatly manicured lawn. His landscaping care extends to even the shoulders of the road across from his home.

Totzke receives his paper from Mrs. Linda Brohman, a motor route driver out of Berrien Springs.

Herald-Palladium Circulation Manager Charles Bowie said the newspaper does not have a record of subscribers who have taken either of the predecessors of The Herald-Palladium continuously for a half a century or longer. He said the department is interested in finding residents who have long uninterrupted subscription records in the hope of finding the longest record.

MOMENT TO REMEMBER: Deborah Callahan, left, Watervliet, and Mark Dykowski, Dearborn, met President Gerald Ford in early February in nation's capitol while delegates to one-week government program sponsored by William Randolph Hearst foundation. Miss Callahan, 18, is daughter of Mr. and Mrs. Kenneth Callahan, 820 Orchard drive, Watervliet, and is Watervliet high school senior and part time employee of Benton Harbor Mercy hospital's pharmacy department. EAU CLAIRE STREETS

Voters Reject Bond Issue

EAU CLAIRE — Village voters here yesterday turned down an \$84,000 general obligation bond proposal to improve 16 local streets which have not been previously blacktopped. According to unofficial returns, the issue was defeated 65 to 40, with one spoiled ballot. About half the village registered voters voted in yesterday's

election. Village President Marvin LaVanway expressed disappointment on the results and said the future of the street improvements would be discussed at the next council meeting on April 14. Had the proposal been approved, the village would have levied a tax annually for 12 years to repay the bond issue.

Watervliet To Learn Bond Bids On Monday

By CLIFF STEVENS
Coloma Correspondent

WATERVLIET — Watervliet city commission last night set Monday for a special meeting to open bids for \$355,000 in revenue bonds to finance construction of a new water systems improvement project for the city.

Monday's special meeting will begin at 7:30 p.m. in the city hall chamber, according to Watervliet Mayor Robert Flaherty.

A \$355,000 loan from the

federal Farmers Home administration has been approved to finance the work if interest on the bond financing method exceeds five per cent, the loan interest rate.

According to city plans, the bonds would not be sold if the rate of interest on them is higher than the rate on the federal agency loan; approved last March.

The loans from either source will be repaid from water revenues or other city sources.

The monies will finance the construction of a 150,000 gallon water storage tank, a new well, fluoridation of the water supply plus addition of new water lines and replacement of some existing water lines.

In other areas, the commission received a petition to annex to the city from Watervliet township a small lot at the end of East Division street. Part of the property, owned by Dorothy Betz, Junior Paulk and Lola Paulk request, already lies in the city.

If no appeal is filed by Watervliet township or any hearing requested, the land will be automatically annexed to the city through the city boundary commission within 45 days, according to Commissioner Thomas Murphy.

The commission set April 28 through May 2 as Spring Cleanup week throughout the city.

The commission approved a \$275 expenditure for conducting a structure inventory on two city bridges by the city's engineering firm, Wightman and Associates, St. Joseph.

The action followed notification from R. W. Petrie and Associates, Benton Harbor, that

the firm was withdrawing from a proposed rebuilding project involving the bridges. The firm said it was withdrawing because a cost proposal had been labelled as a "bid" in a news article, contrary to the engineering code of ethics.

The commission approved a contract with the Sodus township board for use of the county fire alarm alert system in conjunction with the Watervliet fire department.

City Administrator Donald Muth reported to the commission that a city truck struck by a freight train last Thursday during a blinding snowstorm would be rebuilt.

City officials indicated the cost of repair for the truck would be \$2,000.

Commissioner Albert Steffens called for enforcement of the city's ordinance regarding burning of garbage.

Steffens said, "I'm tired of seeing 55 gallon drums setting on treelawns with garbage burning in them. I'm both a Watervliet fireman and the city fire marshal — and I'll cite them if I have to..."

Steffens added he noticed the violations while driving around the city last Sunday.

Lawrence Schedules Trash Pickup Days

LAWRENCE — Lawrence village council last night designated May 5-8 as trash pickup days for the village.

Eugene Carr, village president, said trash would be picked up on the north side of Red Arrow highway on May 5-7, and on the south side of the highway on the other two days.

In other areas, the council approved reappointment of Ray Allen as president pro tem.

The youth fellowship of the First Congregational church of Lawrence was granted permission to rake leaves in the village park and will be paid \$75 by the council.

The youth group was also granted permission to use the old fire station for car washes on April 19, May 3 and 17.

New Buffalo To Ask Tax Renewal

NEW BUFFALO — New Buffalo school board at a special meeting Monday night extended the contract of Supt. Walter Schwarz for one year and voted to seek renewal of a 7.624-mill property tax levy for school operations in the annual school election June 9.

Schwarz' new contract calls for a salary hike of \$2,000 from \$22,000 to \$24,000, effective July 1.

The board also voted to notify 10 probationary teachers that they

would be laid off at the end of the current school year, unless the millage renewal request meets voter approval.

Schwarz said the 7.624 mills, which expired with the last tax collection, would raise \$436,000 in state aid and local property taxes. The district current operating millage is 23.001 mills. Debt retirement millage is 3.3 mills for a total millage rate of 26.301.

Schwarz said a failure to pass the millage request could also mean a further reduction in school programs but did not elaborate.

Kennedy To Visit In 45th District

LANSING — State Rep. Bela Kennedy, R-Bangor, will visit 19 locations where he has set up his "In Touch" questionnaire drop boxes to discuss any issues with residents of the 45th district.

The drop-box concept was initiated by Kennedy to make it convenient for his constituents to return questionnaires to him.

On April 14, Kennedy will be at the American National bank, Lawrence, from 9 to 10 a.m.; Van Buren State bank, Hartford, from 10 to 11 a.m.; First National bank, Watervliet, from 11:30 a.m. to 12:30 p.m.; State Bank of Coloma, Coloma, from 1 to 2 p.m.; and the Farmers and Merchants bank, Hagar township, from 2:15 to 3:15 p.m.

On April 19: Ely Hardware, Bangor, from 9 to 10 a.m.; Watervliet Hardware store, Watervliet, from 10:15 to 11:15 a.m.; Kellogg Hardware store, Hartford, from 1 to 2 p.m.; and the Hartford township hall, from 2:30 to 3:30 p.m.

On April 21: West Michigan Savings bank, Bangor, from 9 to 9:45 a.m.; Van Buren State bank, Covert, from 10 to 10:45 a.m.; Citizens Trust and Savings bank, South Haven, from 1 to 2 p.m.; and the Citizens Trust and Savings bank, Bloomingdale, from 2:30 to 3:30 p.m.

On April 28: First National bank, Paw Paw, from 9 to 9:45 a.m.; First National bank, Gobles, 10 to 11:15 a.m.; First National bank, Otsego, 11:30 a.m. to 12:15 p.m.; American Bank and Trust company, Plainwell, 1:15 to 2 p.m.; and the First National bank, Martin, 2:15 to 3 p.m.

The 45th district includes parts of Berrien, Van Buren, Allegan and Barry counties.

REP. BELA KENNEDY
Going on tour

Decatur Meeting Postponed

DECATUR — Due to the annual township meeting on April 5, the regular meeting of the Decatur township board has been postponed until April 15, according to township officials. The meeting had originally been scheduled for last night.

ALLEGED LOOT RECOVERED: State Trooper Gary Truszkowski inspects goods allegedly stolen Oct. 19 during a burglary at Gosnick Construction Co., 3042 South Pipestone road, Sodus township. Tools, tool boxes and two motorcycles valued at a total of \$1,200 were recovered this week by Truszkowski and Berrien Metro Crime Unit officers. Arrested in connection with the burglary was Jackson L. Prescott, 23, of 448 Collins, Benton township. Prescott demanded examination when arraigned on a charge of breaking and entering Gosnick Construction Co. Bond was set at \$10,000. (Staff photo)

Robinson Debuts With HR, Victory

Tony C. In Triumphant Return; A's Spoil Chisox Opener

From Associated Press
Frank Robinson has something no other manager, black or white, has... player Frank Robinson. And that's why Frank Robinson is the only manager in baseball, black or white, who has hit a home run this season.

"It was a great moment, but you had to wait till the end, till the game was over," Robinson said. "Now it's even more gratifying."

Robinson had several great moments Tuesday. The first came when Rachel Robinson, widow of the first black man to play in the major leagues, threw out the first ball and said she was "proud, proud, proud to be here." Then came career home run No. 575 in his first time at bat as a big league manager.

That started the Cleveland Indians to a 5-3 victory over the New York Yankees, which was great moment No. 3, especially since it was viewed by an excited home town crowd of 56,204.

Elsewhere in the American League, the world champion Oakland A's nipped the Chicago White Sox 3-2, the Minnesota Twins crushed the Texas Rangers 11-4 and the Boston Red Sox downed the Milwaukee Brewers 5-2. The Kansas City-California game was rained out while the Baltimore-Detroit opener was postponed earlier by a snowstorm.

Robinson brought the large Cleveland crowd to its feet with his first-inning home run off New York's Doc Medich.

"It's just tremendous," Robinson said later as he contemplated the historic occasion. "I really can't explain how I feel. I've been a manager before, but this is where it's at. I couldn't think of any better way to start my new career. I was extremely pleased by the way we won. It was a team effort. The guys came from behind and played together and that's what you have to do to be successful."

Despite Robinson's dramatic homer, the Indians fell behind 3-1 in the second inning. But Boog Powell, Robinson's old Baltimore teammate, drove in two runs with a homer and double and Jack Brohamer drove in the other two with a sacrifice fly and a single. The sacrifice fly scored Powell, who opened the bottom of the second with a single.

Vida Blue, taking over the opening game pitching assignment vacated by Catfish Hunter, allowed four hits in seven innings and center-fielder Bill North cut out the tying run at the plate in the ninth as the world champion A's opened their season.

The A's took a 2-0 lead off Wilbur Wood in the second inning when Joe Rudi singled and designated hitter Billy Williams, in his first American League at-bat, doubled. The runners held as Wood retired the next two batters, but rookie second baseman Phil Garner singled them home. Oakland added the decisive run in the eighth on a walk to Sal Bando, a stolen base by pinch runner Herb Washington — who actually was picked off but beat the throw to second — and a double by Rudi.

Designated hitter Tony Oliva's three-run homer capped a six-run Minnesota assault

against 25-game winner Ferguson Jenkins in the first two innings. Larry Hise's three-run homer in the ninth made it a thoroughly disappointing evening for the 28,787 fans, largest opening game crowd since the Rangers moved from Washington to Texas in 1972.

The Twins chased Jenkins in the second inning when Oliva crashed a towering 390-foot

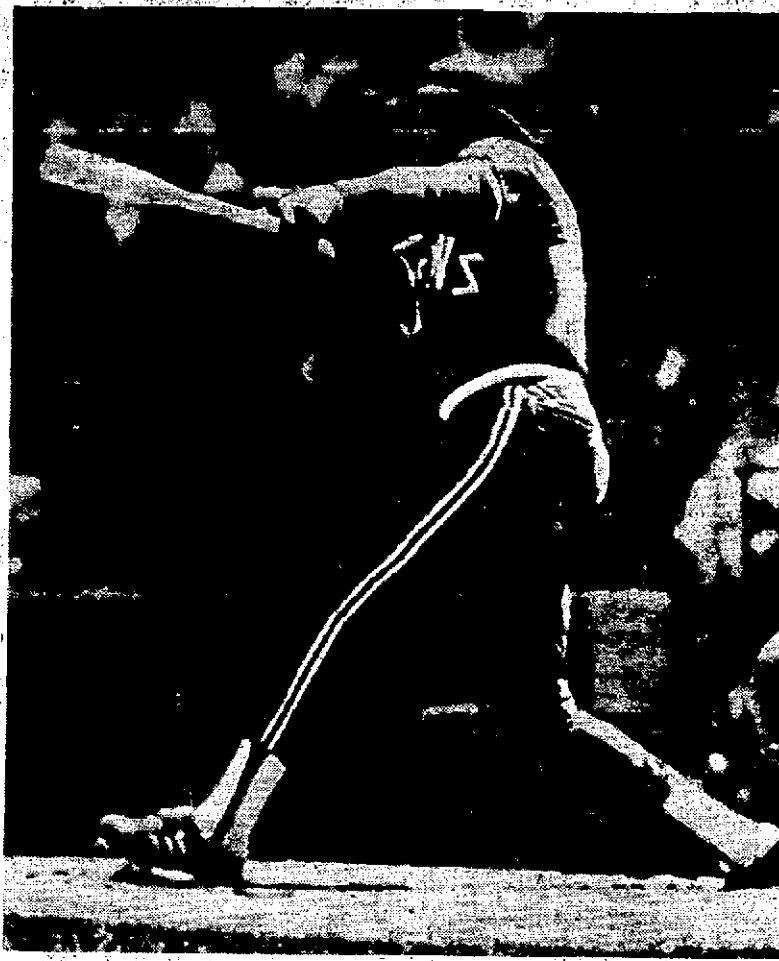

homer after Lyman Bostock and Hise singled. Jenkins, a \$175,000-a-year pitcher, lasted only 1 2/3 innings. He was tagged for six runs — five earned — on seven hits and also issued a pair of walks.

Bob Montgomery doubled home two of Boston's three runs in the third inning and Tony Conigliaro made a triumphant return to the major leagues as the Red Sox spoiled the American League debut of Milwaukee's Hank Aaron.

Aaron, baseball's all-time home run king, and Conigliaro, who was hit in the eye by a pitch in 1967 and has been out of baseball the past 3 1/2 years, received standing ovations.

Aaron, the Brewers' designated hitter, walked, struck out and grounded out twice. Conigliaro, Boston's DH, helped set up a first-inning run with a hit and a run single.

SWINGING START: Cleveland Indians manager Frank Robinson lines home run into the stands in his first time at bat as designated hitter in Tuesday's opening game against the New York Yankees. Robinson, making his debut as major league baseball's first black manager, led Indians to 5-3 victory. (AP Wirephoto)

Seattle Throttles 'Inept' Pistons

Only Porter Plays Well In 90-77 Playoff Loss

SEATTLE (AP) — Bob Lanier chose not to talk about it and what little Detroit Pistons Coach Ray Scott did have to say about Tuesday's National Basketball Association playoff loss to Seattle stung like a slap in the face.

"I feel we were inept. We didn't handle the ball well. You can't have 19 turnovers under this kind of pressure," said Scott after the 90-77 loss.

He added that he thought the Pistons had sufficient scoring opportunities but just couldn't connect. In the first half, the Pistons shot only 32.6 per cent.

He credited only Howard Porter with having a good game, saying Porter "shot the ball well for us."

Porter wound up with 21 points. Fred Brown had 23 to lead the Sonics and Spencer Haywood had 22.

Bob Lanier, held to only 15 points, sat silently in the dressing room after the game. Plagued with tendonitis in his left knee, he declined to speak with reporters.

"I don't feel like talking," he said softly.

Detroit must win Thursday in Detroit to remain in the playoffs. A final game will be held here Saturday if Detroit comes back.

SuperSonics Coach Bill Russell called the game "our best defensive effort of the season."

Russell and assistant Coach Bob Hopkins gave credit to all the Sonics for hard work on what was described as a "sagging defense" that stopped Detroit's guards from penetrating.

Russell had high praise for rookie center Tommy Burleson, who scored 19 points in one of the biggest games of his life while holding Lanier.

"This is one of the things we drafted him for—his heart," Russell said of Burleson.

Russell said lower than average shooting percentages—39 per cent for Detroit and 46 per cent for the Sonics—were to be expected.

"Considering it was a playoff game, it was excellent shooting," Russell said.

Russell said there is more pressure on the Sonics than on the Pistons now as the two

Flyweights Set For 10 Rounds

BANGKOK (AP) — Three-time former world flyweight champion Charitai Chaiyaporn of Thailand takes on third-ranked featherweight contender Willy Assumption of the Philippines tonight in a scheduled 10-round non-title bout.

Both Charitai and Assumption weighed 130 at a weigh-in early today.

The switch from flyweight to featherweight was necessary for Charitai, 33, who had difficulty keeping within the flyweight division weight limit. Assumption, 23, has a fight record of 34 wins, two losses and six draws.

teams head for Thursday's game.

"The pressure is on us—we've got to win another game," Russell said.

Detroit trailed by as many as 18 points in the first half but twice cut the deficit to 11 in the second quarter as Seattle took a 48-35 lead into the locker room.

Lanier, slowed by the injury, hit only three of 12 shots from the field in the first half, but pulled down nine rebounds, blocked three shots and handed out five assists.

By halftime, Haywood had scored 12 points and pulled down eight rebounds.

Detroit staged a strong charge late in the third period, scoring eight straight points to close to 66-60. Porter tallied four points in the surge, while Seattle committed five turnovers and was forced into bad shots by

the Detroit defense.

Both teams shot well in the period. Detroit hit 11 of 19 from the field and Seattle 9 of 17.

Detroit's 77 points were the fewest ever scored by a Seattle opponent, somewhat indicative of the Sonics' aggressive team defense.

Lanier and Haywood tied for game rebounding honors with 14 apiece, while Porter and Trapp added eight each.

Brown, who has been troubled by a sore shoulder, sank 11 of 15 field goal attempts to help Seattle finish with a .460 average from the floor.

"Detroit was without the services of Eric Money, a rookie guard, who twisted his ankle in practice Monday."

The Houston Rockets also used a tough defense, to beat the New York Knicks 99-84 in

the only other NBA playoff game Tuesday night.

A Western Conference best-of-seven semifinal series begins tonight when Chicago hosts Kansas City-Omaha. Buffalo plays at Washington Thursday night in the beginning of another Western semifinal series.

Along with Houston's glittering defense, the youthful Rockets used 22 points by Calvin Murphy to whip the playoff-tested Knicks. The Rockets, in the playoffs for the first time ever, moved to a seven-point halftime lead, 48-39, by outscoring the Knicks 8-0 over the final 2:27 of the second quarter and Houston never trailed again.

Walt Frazier led the Knicks with 21 points and Earl Monroe had 13, but New York's leading scorers hit only 13 of 35 shots between them for a 37 per cent

average.

The Knicks, making their ninth straight playoff appearance, pulled within seven points at 67-60 at the end of the third quarter. But then the Rockets, led by Mike Newlin and Ron Riley, put on a fourth-quarter scoring display that spurred the Rockets to a 17-point margin with 6:48 left in the game.

Fred Brown came off the bench to pop in 23 points for Seattle. Seattle, which led from the opening minute, held off an early fourth-quarter Detroit rally to win going away.

DETROIT (77)
Rowe 22-28, Trapp 7-14, Lanier 6-34, 15, Bing 3-5, 11, Ford 1-0-2, Porter 10-1-1, Davis 1-0-2, Moncrief 2-0-0, Totals 33-11-18.

SEATTLE (99)
Haywood 16-22, Gray 10-12, Burleson 8-3-19, Clark 5-0-16, Watts 1-0-0-2, Brown 11-12-23, Skinner 0-0-0-0, Fox 1-0-0-2, Totals 40-20-11, Detroit 22-26-20-26.

Fouled out: None. Total Fouls: Detroit 21, Seattle 28. A-1, 14,22.

Rachel Sure Jackie There

Widow Throws First Pitch For Indians

CLEVELAND (AP) — "I've wished since I was asked to do this last week that Jackie would be here, and I'm sure in many ways he is," said Mrs. Rachel Robinson.

Mrs. Robinson, widow of the famed Brooklyn Dodger infielder who became the major's first black player in 1947, was on hand for opening day here Tuesday as the Cleveland Indians took on the New York Yankees.

Her throwing out the first pitch ceremonially started Frank Robinson in his career as the big league's first black manager. Robinson — the manager is no relation to Jackie — has often said that his only dream was to have Jackie present.

"I've been thinking back to 46 when we started hoping and dreaming," the 52-year-old widow said.

Jackie Robinson died in October, 1972, less than a month after appearing at a World Series game and saying he wished he could look down the coaching lines and see a black man as manager.

Some 2 1/2 years later, when it finally happened, his widow said she was "heartened by this symbol of progress," but said

he had always hoped that it would have happened sooner.

"I hope this is the beginning of us seeing a lot more black players being moved into front office and managerial positions and not just having their talents exploited on the playing field," she said.

She said that she doesn't think that Frank Robinson will have the same problems her husband faced.

"I should hope that in 25 years we've seen progress in this country in that area," she said. "I'm sure he'll have his share of difficulties, but they'll be of a different nature."

Mrs. Robinson was joined by Baseball Commissioner Bowie Kuhn and American League President Lee MacPhail, along with three marching bands, in the pre-game ceremonies, which started a half hour before game time.

Some 55,000 fans showed up at the sunny, but 36-degree day to witness the occasion.

Mrs. Robinson stepped to the microphone to address the crowd.

"I simply want to say that I'm proud, proud, proud to be here," she said. "I want to congratulate you for taking this historic step."

Happy Seaver Lifts Mets' Hopes With Sharp Opener

From Associated Press

"I'm ecstatic!" With those two words, Tom Seaver described his feelings after outlasting Steve Carlton as the New York Mets shaded Philadelphia 2-1 Tuesday in an opening-day clash of two of the National League's premier pitchers.

Seaver surrendered six hits, struck out nine batters and came up a winner because of two Met newcomers — Dave Kingman and Joe Torre. Kingman slugged a huge home run in the fourth inning and Torre drilled the game-winning single in the bottom of the ninth.

But the main man on this blustery opening day was Seaver, who struggled to a sorry 11-1 season last year and is the pitcher on whom so much of

Mets' hopes rest for 1973.

"I couldn't be happier," said the man called Tom Terrific. "I was strong all the way, throwing fairly hard with a good breaking ball. I didn't throw too many bad pitches."

The Phillies nipped him for a third-inning run on Dave Cash's double, but Kingman retrieved that run in the fourth, golfing a two-out, two-strike pitch far beyond the left field wall.

Felix Millan opened the Mets' ninth with a single — only New York's third hit and first since Kingman's king-sized homer.

Then Carlton walked John Mauer on four pitches and missed with his first two to Torre.

On the next offering, Torre was swinging.

"I just wanted to hit the ball hard," he said. He did, lining it to left and sending Millan racing home with the winning run.

"It was exciting," said Torre. "Opening day always is. When it stops being exciting, I'll quit."

In the only other NL game, Atlanta blanked Houston 2-0. San Francisco at San Diego was rained out.

Carl Morton's five-hitter and Darrell Evans' RBI single in a two-run fifth inning carried the Braves past Houston. Morton

retired 16 straight batters after a pair of first-inning singles before shortstop Larvell Blanks' throwing error ended the string in the seventh.

Ralph Garr singled to start the fifth against Astros' rookie Doug Koniczny. Garr moved to third when Marty Perez was safe on shortstop Roger Metzger's error. Evans singled for one run and Perez scored on Mike Lum's grounder.

Registration Set For Hagar

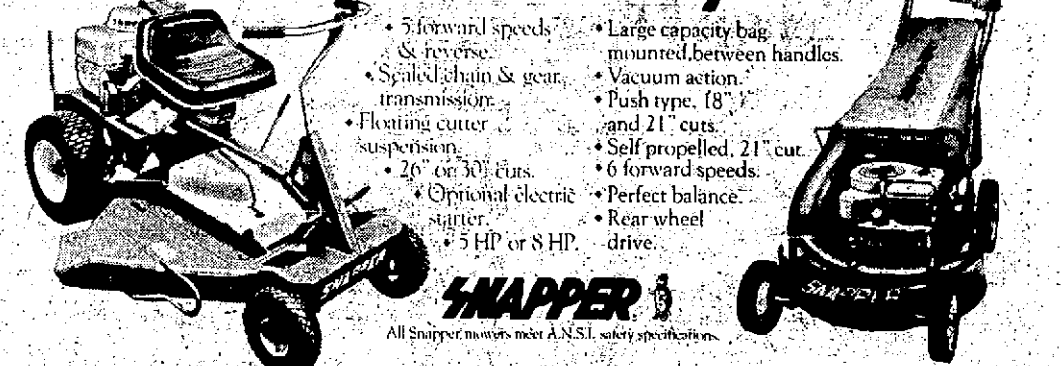

The annual Hagar Baseball Association meeting and sign-up will be held at 2 p.m. Saturday, April 12, at Pier School.

All parents having boys seven through 18 who plan to play are

urged to attend.

Boys signing up are asked to bring their birth certificate. There is a \$10 fee for the first player from a family, and a \$3 charge for each additional boy.

Pressure Major Enemy In Masters Tournament

Favored Nicklaus Remains Confident

AUGUSTA, Ga. (AP) — Golf's great and near great eyed each other as rivals today. Nervously, they shared a common enemy — pressure — on the eve of the 39th Masters Tournament.

"It's the only tournament I know that you start choking at the gate," said Arnold Palmer, now a gray-haired 45, seeking to end a major victory drought that started with his fourth Masters title in 1964.

"My attitude is good. I don't feel the world is going to collapse if I don't win the Masters this year," said Tom Weiskopf, suddenly projected into the role of co-favorite with Jack Nicklaus.

Perhaps the heaviest tension of all strummed the nerves of Lee Elder, the first black man to compete here and for months the center of world-wide attention as a

breaker of racial barriers.

"I do not feel like a great man in history," Elder told a presidential-style press conference Tuesday. "And that's the way I would like to keep it."

Elder pleaded to be left alone while facing the greatest challenge of his career, and added: "I am playing well enough to win if breaks go my way."

Nicklaus wore a mantle of supreme confidence — the kind you'd expect of a four-time winner — as he returned from a week-end break with his massive hitting power and putting artistry more evident than ever.

In his practice round, he almost holed out from the fairway on the ninth hole, thrilling a clubhouse gallery. Then he spotted a couple of putts about 20 feet from the hole and knocked

them into the cup.

"I am putting better," he told admirers who pursued him from the ninth green to the 10th tee. "The greens are getting harder. I putt better on fast greens."

Nicklaus, winner of his last two tournaments — the Doral and Heritage — and his former Ohio State schoolmate, Weiskopf, a pole-to-pole victor in last week's Greater Greensboro Open, have been established as the players to beat for the 1975 green jacket.

There is no formal betting here, but unofficial odds-makers have put Nicklaus and Weiskopf at 6-1, followed by Johnny Miller and defending champion Gary Player at 8-1, with Hubert Green, Hale Irwin and Lee Trevino 10-1.

An international field of 78, including 34 U.S. and 17 foreign pros and seven

American amateurs, will tee off Thursday for the first of four rounds over the majestic 7,020-yard, par 72 Augusta National course which for four decades has been the scene of high drama.

Prize money is never announced until the last day of the tournament. It normally runs over \$200,000 with \$30,000-plus to the winner. Fringe benefits to the champion have been estimated at \$1 million.

Nicklaus, who has 14 major championships, by his own admission has one major goal left in his sights—winning the four big events, the U.S. and British Opens, Masters and PGA, in one year for a Grand Slam.

"It would be good for the game and it would fulfill my aim to be the best golfer of all time," Nicklaus said.

IRON MAN: Jack Nicklaus, co-favorite to win Masters tournament this year, studies iron while waiting to shoot during Tuesday practice round. (AP Wirephoto)

SPORTS CAPSULES

Angie Moretto, University of Michigan's high-scoring hockey forward, has talked with the California Seals of the National Hockey League about his professional hockey future.

But Wolverine Coach Dan Farrell says, "They've told me they want Angie to finish school. What they're worried about is if a World Hockey Association team tries to sign him."

Moretto, who will be a senior next season, was drafted by the Seals in 1973.

Infielder Tom Matchick and pitcher Chris Zachary, both former Detroit Tigers, were cut recently by the Toledo Mud Hens of baseball's International League. Both are 31.

Grand Valley State College opens its spring football drills April 14. It's annual spring game is scheduled for May 7. Coach Jim Markema will welcome 31 lettermen on his 60 player roster.

Detroit Pistons' star guard Dave Bing will conduct his second annual summer basketball camp at Hillsdale College June 22-27 and August 17-22. Teammates Bob Lanier and Curtis Rowe are on Bing's staff, which includes high school coaches and college players.

A new beaver trapping regulation may help the dwindling eagle population in Michigan. A new law prohibits setting traps within 25 feet of a beaver dam, lodge, home or hole. Eagles often live in such places. There are believed to be only 83 nesting pairs of eagles remaining in Michigan.

A number of top state players are expected to compete April 26-27 in the \$1,000 Michigan Open Indoor Mixed Doubles tennis championship. The tournament will be held at the Grasse Pointe Hunt Club. Sixteen teams will compete for the title after winning qualifying matches.

Tom Serocynski, successful football coach at North Muskegon high school, has not

been reappointed by the North Muskegon Board of Education apparently because he doesn't want the added duties of teaching. Serocynski resigned from teaching last May but the school board retained him as coach for one year.

In his 11 years at North Muskegon, Serocynski's teams compiled a 76-16 record. He was Coach of the Year in 1973 when his team was 9-0. David Wamack has been named as a replacement while Edward Zednick and Rade Hofman were appointed assistants. All were given tenure as full-time teachers.

One of the highest sanctioned three-game bowling series ever recorded in Northern Michigan was rolled recently by Steve Engelbert of Clare. He bowled games of 279-278-246 for a whopping 803 series at Clare's Gateway Lanes. Engelbert owns a 199 average.

The Detroit Lions and Oakland University have been negotiating a possible shift of the Lions' training camp site to the Oakland campus. A team spokesman said the Lions also talked with officials at Cranbrook School in Bloomfield Hills, where the National Football League club has trained since 1956.

Esposito, Bruins Bombard Black Hawks

From Associated Press

Tuesday night belonged to the youngsters as the Stanley Cup playoffs opened. They wore the uniforms of the New York Islanders, Los Angeles Kings and Pittsburgh Penguins — teams that weren't in the National Hockey League eight years ago.

At New York's Madison Square Garden, 24-year-old rookie Clark Gillies scored the winning goal with 6:2 minutes left to lead the upstart Islanders past the started New York Rangers as the clubs opened their first-round "commuter series."

At the Forum in Inglewood, Calif., 24-year-old Mike Murphy netted the overtime score that sent the venerable

Registration Set

BUCHANAN — Registration for the Buchanan Midget baseball league will be held from 4:30-8:00 p.m. Friday and 10:00 a.m. to 4:00 p.m. Saturday at the Teen Center on North Oak Street.

Players must be 9-12 as of May 31, be accompanied by a parent or guardian and pay a \$2.00 insurance fee. Tryouts for new players will be held April 24 at Smith Field, starting at 1 p.m.

Toronto Maple Leafs back home with a 3-2 loss and 1-0 deficit in their series.

In Pittsburgh's Civic Arena, 19-year-old rookie Pierre Larouche brought the Penguins a 4-3 triumph over the St. Louis Blues after a pass from Vic Hadfield, who was 15 when Larouche was born.

It was different in Boston, where a rejuvenated Phil Esposito broke out of a "slump" with three goals against his younger brother, Tony, as the Bruins blasted the Chicago Black Hawks 8-2.

"I'm proud of my kids," said Islanders' Coach Al Arbour after his third-year club came back from a 2-0 deficit in the third period for a 3-2 triumph that brought the Rangers to the brink of playoff extinction. "My guys have had their ups and downs all year, but they really came through tonight."

Gillies split the Rangers defense of Gilles Marotte and Ron Greschner — a greybeard of 20 — and snapped a shot past goalie Ed Giacchino to cap the comeback. The Rangers had taken a 2-0 lead on middle-period goals by Brad Park and Pete Stemkowski, but the third-year Islanders came back on tallies by 23-year-old Billy Harris and "old" Jean Potvin, 26, before Gillies' climactic score.

Toronto fans may have been happier to watch the Oscars on television while their Maple Leafs fell to the Kings. The Canadian TV network didn't show the Leafs' first-game loss, and the fans may have been better off.

But they missed Murphy's

tally at 8:53 of overtime, set up by a "fantastic" play by Gene Carr.

Leafs' veteran Ron Ellis scored with 1:30 remaining to force the overtime. Goals by the Kings' Bob Berry and Carr sandwiched one by Blaine Stoughton before Ellis squared

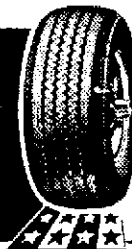

things again.

Larouche's winning goal came with 2:31 remaining and capped a three-goal third period. Garry Unger's goal at 54 seconds of the period had given St. Louis a 3-1 lead before Chuck Arneson scored the first of two goals and set the stage for

Larouche.

Three goals by Phil Esposito against his goaltending brother and two more by Gregg Sheppard paced the Bruins past the Black Hawks. Carol Vadnais and Andre Savard scored first-period goals nine seconds apart for Boston.

Goodyear wants America on Radials

Let's Go America!
Goodyear is having a nationwide sale on money-saving double steel belted radial tires for American cars.

Double Steel Belted Radials
30% OFF save \$78 to \$111 per set of four

40,000 MILE TIRES BUILT FOR 1975 NEW CARS
SAVE 30% ON "STEELGARD" OR "CUSTOM TREAD" RADIALS

These Goodyear steel belted radials (1) save money, (2) use less fuel, (3) provide longer mileage, and (4) help conserve America's resources. Now is the time to buy these 1975 new car radials. Sale prices remain in effect through Saturday.

Bobcats Nip Mustangs, Comets Clip Bucks

Hot Lancer Hurling Melts Chiefs

By JERRY DYKSTRA
Staff Sports Writer

Lakeshore used some hot hurling to melt Dowagiac bats Tuesday afternoon in the Lancers' chilly season opener.

Three Lakeshore pitchers combined for a two-hitter and 10 strikeouts as the Lancers earned a 5-2 non-conference victory.

In the only Blossomland conference game Tuesday, Terry Shaffer twirled a two-hitter as Brandywine edged River Valley 1-0 and Coloma gave notice it will be heard from this season with a 3-2 triumph over Buchanan, the preseason Blossomland favorite.

Craig Andrews, Jeff Wiles and Tim Farrow shared the mound duties, with Wiles, who tossed the middle three frames and allowed both Chief runs and hits, taking the win and Farrow

getting credit for a neat save. "I was real pleased with our pitching today except for the walks," noted Lakeshore coach Jim Sanford. "And I thought we hit the ball pretty well too."

The win could be a costly one for the Lancers, however, as Andrews sprained his ankle going into second base in the second inning and had to be lifted from the game. Andrews was impressive in his two innings of work with five fans and one walk.

Wiles, who ended with four whiffs and four walks, walked one run home in the fourth inning. Wiles then ran into more trouble in the sixth when Kevin Pompey singled (the Chiefs' first safety of the game), Marty Smallbone walked and Mark McCoy followed with a RBI single.

With no outs and the Lancers leading 3-2, Sanford brought in Farrow. The right-hander quelled the uprising by getting three straight outs and leaving the two Chief runners stranded.

The Lancers scored all their runs in the first three innings with three coming in the opener. Two Dowagiac errors, a wild pitch and a Chief mental mistake brought in two runs and then Dave Baker's single—the lone Lakeshore safety of the inning—chased home the third run.

Lakeshore added a run in the

second on another wild pitch and closed out its scoring in the third on a triple by Wiles and a single by Jeff Caple, who picked out two singles in the Lancers' five-hit attack. Mike Woods had the other Lakeshore hit.

Bill Ward went the distance and took the loss for the Chiefs. He issued four walks and struck out two and seemed to get stronger as the game progressed.

The game was originally scheduled for Dowagiac's field but switched to Lakeshore on account of the unplayable con-

dition of the Chiefs' diamond. Sanford and some of his players worked over the weekend to remove the snow from the Lancers' field with only a few splashes of snow still visible in the outfield.

Lakeshore was slated to host Berrien Springs this afternoon and Buchanan on Thursday. Dowagiac drops to 0-3 for the season.

Shaffer, brother of former Brandywine star Jack Shaffer, took up where his brother left off with his excellent pitching performance. He fanned six and walked one.

Steve Renghach was hard-luck loser as he breezed 10 batters, walked two and allowed only four hits.

Rick Zache's 325-foot homer over the left-center field fence in the bottom of the fifth won the game for the Bobcats, who have captured three straight Blossomland baseball crowns.

Shaffer and Pat Grounds delivered two-baggers and Greg Gallas a single for the Cats while Dave North socked a double and Dennis Busse a single for River Valley's lone hits. The Mustangs threatened in the last inning with a runner on second and one out, but Shaffer then fanned the next two batters to end the contest.

SIGNING IN: Lynn Boden (center), the No. 1 draft choice of the Detroit Lions, looks over model of new Pontiac Metropolitan Stadium with general manager Russ Thomas (left) and head coach Rick Forzano after signing his contract for the 1975 season Tuesday. Story on Page 23. (AP Wirephoto)

Ron Marks' RBI double in the fourth inning proved the difference in the Comets' thrilling win. Jerry Gagliardo chased in the other Coloma runs in the second with a single. The Bucks, who tallied in the

fifth on a single by Mark Jackson and in the sixth on a single by Hugh Heiermann, put runners on second and third with one away in the last inning. But then a fine-out and a ground out killed the threat.

Dennis Reilly took the Coloma mound win but he needed help from Dewey Wheeler, Kevin Vanderbush, the first of three Buck hurlers, took the setback. Coloma finished with five hits, Buchanan four.

Colonels Hold Playoff Edge

Whip Memphis 119-105 To Gain 2-0 Lead

LOUISVILLE (AP) — Kentucky Coach Hubie Brown isn't even close to breaking out the victory champagne, despite the 2-0 lead his Colonels hold in their best-of-seven American Basketball Association playoff series with Memphis.

"Memphis seems to play all the contending teams well down there," Brown said Tuesday night after the Colonels overwhelmed the Sounds 119-105.

The teams travel to Memphis for Thursday and Friday night games in Mid-South Coliseum, the site of Kentucky's only losses to the Sounds this season. Tonight, St. Louis is at New York and Denver at Salt Lake City in other playoff games.

New York has a 1-0 edge in its series and Denver has a 2-0 lead over Salt Lake City.

"In the fourth playoff series, San Antonio is at Indiana Thursday night with Indiana holding a 2-0 edge.

Brown noted that Memphis has defeated Denver twice, and New York once on the Sounds' home floor, in addition to handing the Eastern Division champion Colonels two losses.

"If we go down there and don't play aggressive basketball, we could lose," Brown said.

The Colonels played Tuesday

Moser Goal Stops Gears In Overtime

SAGINAW, Mich. (AP) — Ernie Moser scored the winning goal at 3:51 of an overtime period Tuesday as Muskegon stopped Saginaw 4-3, giving the Muskies a 2-1 lead in their International Hockey League semifinal playoff series.

The goal was the second of the evening for Moser as the Muskies came from behind to edge to victory.

Saginaw led 2-0 in the first period and held a 3-1 advantage before the Muskies hit twice in the final frame to send the game into overtime. The tying goal came off the stick of Bob Tombari, who scored with less than five minutes left in the final stanza. Bert Scott hit the other Muskegon goal.

Scoring for Saginaw were Dennis Desrosiers, who had his 12th goal in eight playoff games, an IHL record, Jim Johnston and Reggie Fleming, a former National Hockey League player.

Muskegon hosts the next two games in the best-of-seven series Friday and Saturday.

Peterson Dies

PHILADELPHIA (AP) — James Peterson, former baseball pitcher for the Philadelphia Athletics, has died at his home in Palm Beach, Fla.

Peterson, who was 66 when he died Tuesday, had a short major league pitching career that began with the Athletics in 1931. He pitched 13 innings that year as the A's went on to capture the pennant, 91 innings in 1933 and then played briefly with the Brooklyn Dodgers in 1937.

Ara, Bo Head Football Clinic
ANN ARBOR — Former Notre Dame coach Ara Parseghian and Michigan coach Bo Schembechler will be featured speakers at the ninth annual University of Michigan football clinic April 18 and 19.

Parseghian will discuss the wing-T offense that carried the Irish to back-to-back bowl victories while Schembechler, who has the top winning record among active coaches, will talk on "Averting the Upset."

The clinic opens with registration April 18 at 2:30 p.m. in Crisler Arena and includes demonstrations, a smoker, luncheon and scrimmage in Michigan Stadium at 2 p.m. on April 19.

Registration fee is \$5.00.

BIG ATTRACTIONS: Hank Aaron (left) of the Milwaukee Brewers and Tony Conigliaro of the Boston Red Sox acknowledge standing ovation Tuesday before 1975 season opener between the two teams at Fenway Park in Boston. Aaron, baseball's all-time home run king, went hitless in his American League debut. Conigliaro, returning to baseball after 3½ years, got one hit in four times at bat. (AP Wirephoto)

Pepitone To Speak At Dowagiac Clinic

DOWAGIAC — An all-day baseball clinic featuring former major league players Joe Pepitone and John Blanchard will be held here April 19 at the high school.

The clinic — sponsored by the Dowagiac Boosters Club — will include talks by Pepitone and Blanchard in the morning, plus question and answer periods, and demonstrations in the afternoon.

The event is open to the general public and has a pre-registration fee of \$5. Checks should be made payable to the Dowagiac Boosters Club and sent to Terry Davisson, Athletic

Director, Dowagiac Union High School, Dowagiac, Mich. 49047. Registration at the door will cost \$7.

Clinic activities are scheduled to start at 9 a.m. in the high school gym.

Pepitone played with several teams, including the New York Yankees and Chicago Cubs. He now lives in Chicago and has a book coming out in June entitled, "Joe, You Could Have Made Us Proud."

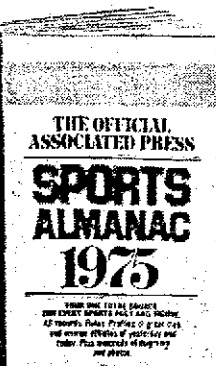

Blanchard was a catcher and outfielder with the Yankees. The Minneapolis resident played in five World Series.

PLAZA 455 RIVERVIEW DRIVE

Quebec Wins WHA Playoff Opener

Jet Lag Hampers Phoenix

From ASSOCIATED PRESS
A scenic tour of North American airports is not the ideal way for a professional hockey team to prepare for its first-ever playoff game.

And the Nordiques took advantage of the jet-lag syndrome that hampered Phoenix Tuesday night in Quebec to defeat the weary Roadrunners 5-2 and take a 1-0 lead in their best-of-seven World Hockey Association quarter-final playoff series.

The Roadrunners had spent all day Monday traveling from Phoenix to Quebec by way of Los Angeles, Chicago and Montreal.

Coach Sandy Hucul said his club was forced into the roundabout route when management of the Quebec team unilaterally decided the series would start Tuesday.

"It (the route) was the only way we could get here," Hucul said. "It's just a rotten deal by Quebec — Quebec made the decision to open here tonight, not the league."

And the Phoenix coach could have a point. The other three quarter-finals were scheduled to begin at least 24 hours later than the Quebec-Phoenix round.

Tonight the Toronto Toros visit the San Diego Mariners

and the Minnesota Fighting Saints open against the New England Whalers at Hartford, Conn. The fourth series begins Thursday when the Cleveland Crusaders visit the defending champion Aeros at Houston.

The second game of the Nordiques-Roadrunners series is also scheduled Thursday and again at Quebec.

The Nordiques built a 5-1 lead after two periods. Rejean Houle and Ronald Leclerc scored two goals each for the Nordiques in their first playoff game in three seasons of WHA play. Michel Parizeau was the other Quebec goal scorer.

The Nordiques led 2-0 before Robbie Florek scored for Phoenix early in the second stanza. But Houle's second goal, on a power play, and Leclerc's pair against Phoenix goalie Jack Norris, appeared to leave the Nordiques in the driver's seat.

But the Roadrunners completely dominated play and outshot the Nordiques by a 21-6 margin in the third period.

The excellent work of Richard Brodeur in the Quebec nets enabled Phoenix to score only one goal in the finale, a sizzling 40-foot wrist shot by Dennis Sobchuk.

Lions Ink Boden, Plan Early Camp

DETROIT (AP) — South Dakota State's Lynn Boden, top choice of the Lions in January's National Football League draft, has become the first Detroit rookie to sign his 1975 contract, the club announced Tuesday.

Boden, a 6-foot-5, 270-pound offensive tackle who the Lions intend to make a guard, will join 42 other players Thursday in Tampa, Florida when the Lions begin their first out-of-town orientation camp.

Boden's signing followed negotiations between General Manager Russ Thomas, Boden, and Boden's agent, Pete Retzlaff.

Retzlaff is a former South Dakota State player who, ironically, was a Lions' draft choice who signed his first NFL contract in 1953 after discussions with Thomas — then an assistant coach.

Last season Boden was offensive co-captain at South Dakota State and was named to the All-North Central Conference team as well as most valuable lineman in the league. The 21-year-old physical education major is from Osceola, Neb.

Of the players expected to be on hand at the Tampa

"minicamp" are 16 new draftees, 16 free agents and 11 second-year men.

On-field drills and classroom sessions will last two days.

"This will be a great chance for us to get acquainted with our drafted players," said Coach Rick Forzano. "Also, the indoctrination period will be valuable for the new men and will give them a head start when our regular camp opens in July."

The Lions' first exhibition game will be Aug. 23 at the new 80,000-seat Pontiac Metropolitan Stadium still under construction some 35 miles north of Detroit.

Forzano will have six new assistants among his nine aides this season.

Tigers Head North For Season Opener

LAKELAND, Fla. (AP) — The Detroit Tigers finally headed north today with their season opener Thursday with Baltimore, signaling a belated beginning to their 1975 season.

Detroit and the Orioles originally were to open play Tuesday, but a storm last week dumped several inches of ice and snow on the field, forcing the postponement.

Following Thursday's game, the Bengals head for New York, where they will play four games, including a double header Sunday. The Tigers take a four-day rest before hosting

the pinstriped Yankees for three games the following weekend.

Manager Ralph Houk named his starting lineup Tuesday and said he will make changes only if Baltimore starts a lefthander rather than Jim Palmer as scheduled.

Thursday's batting order and lineup:

Ron LeFlore, CF
Gary Sutherland, 2B
Willie Horton, DH
Nate Colbert, 1B
Bill Freehan, C
Danny Meyer, LF
Art Janyas, RF
Tom Verzer, SS
Aurelio Rodriguez, 3B
Joe Coleman, P

Of the starters, only Sutherland, Horton, Freehan, Rodriguez and Coleman were with the Tigers as starters at this time last year. Tuesday, the Tigers played an intrasquad game and Houk allowed two sportswriters to "manage" the opposing teams.

St. Joe Netters Humble Harbor

St. Joseph romped to a 6-1 victory over Benton Harbor in the opening tennis match of the season for both teams Tuesday afternoon.

In singles matches John Donahue drubbed Mike Gross 6-0, 6-1. Rick Kinney downed Dave Brown 6-2, 6-2 and John Farmer thumped Bob Reimer 6-0, 6-1 while in doubles Jeff Bajillif-Tom Lannon whipped B. Bolin-R. Polstin 6-0, 6-1 and Keith Snelgrove-Linda Lukaszewski beat B. Bublick-S. Gatchell 6-2, 7-6.

Benton Harbor, which forfeited one doubles match, got its lone victory from Jack Ackerman with a 1-6, 7-6, 6-1 decision over Bill Reznicek.

Golfers Meet

BUCHANAN — The newly-organized Buchanan Golf Course Men's association will meet Sunday at 3 p.m. in the clubhouse on Niles-Buchanan road.

Membership cards will be issued and a tour of clubhouse facilities will be held.

TIME OUT!

Watt Released

PHILADELPHIA (AP) — The Philadelphia Phillies have asked waivers on relief pitcher Eddie Watt to give him his unconditional release.

The right-hander came to the Phillies last year after eight years with Baltimore. He won one, lost one, saved six and compiled a 4.09 ERA. This spring, Watt was 1-1 in eight games with a 4.09 ERA. He has a big league record of 38-55.

Kmart PLAZA RIVERVIEW DRIVE

Firm Says New Models Conserve Energy

Whirlpool Dishwashers Restructured

Whirlpool Corp. has announced its new model automatic dishwashers have been redesigned to conserve energy in response to a nationwide request

by President Ford. The president last January asked for a 20 per cent greater energy efficiency of major appliances by 1980.

Whirlpool said 1975 model dishwashers use less heat and less water.

Energy required for the new dishwashers is reported reduced by about 18 per cent on lower-end models and about 27 per cent in the top-line models.

Through changes, the heating element is on a total of 30 to 31 minutes in the new line, compared to 33 to 46 minutes in previous models. Energy is further conserved by eliminating one of the five rinses, which reduces water consumption from 14.9 to 13.9 gallons.

Whirlpool said heat energy conserving features could result in potential savings of \$4.87 per year on certain models. This is based on two uses of the appliance per day and current kilowatt hour costs, utilizing Edison Institute national

average residential service costs for 1974.

Whirlpool said its dishwasher engineering department made the changes, without substantially affecting the performance, based on 140-degrees fahrenheit water supply to the appliance. This is recommended by major dishwasher manufacturers. Whirlpool reported. The restructuring was internal and did not affect exterior appearance, it was reported.

Whirlpool said it has been studying energy conservation measures for major home appliances for over five years—long before President Ford's request.

John H. Platts, Whirlpool president and board chairman on Feb. 5 wrote to Ford: "We believe this goal (20 per cent efficiency increase) may be attainable. We have yet to determine, however, if it can be reached without incurring significant product price

increases."

Platts also wrote that the goal best be met in a voluntary program of cooperation with the government in a free-market system, rather than government control which produces a costly adversarial condition.

Platts' letter, published Feb. 10 in this newspaper, supported Ford's energy and economic proposals of the time and urged the president to oppose wage and price controls.

On another energy front, Whirlpool said the firm offers consumers advice on how to "build in" their own energy conserving measures, when improving or remodeling kitchens.

Among tips: The refrigerator-freezer should not be near heat sources, such as windows, the range or other heat-producing appliances. Such locations make the compressor motor work harder to maintain proper temperature in the refrigerator. A vent fan should be installed above the range to draw out excess heat.

Syria And Iraq Begin Squabble

BEIRUT, Lebanon (AP). — Iraq, which has just ended a border dispute with Iran, is now embroiled in a bitter squabble with its western neighbor, Syria, over ideology and the waters of the Euphrates River.

ENERGY SAVER: Whirlpool corporation's 1975 model dishwashers have been restructured to conserve energy by using less heat and less water. Portable models, such as this Imperial SAF-540, feature water flow valve that allows use of the sink faucet while dishwasher is being used. By pressing button, faucet may be used without interrupting washing cycle.

Dietitian To Speak At Heart Seminar

Sandra Steward, R.D., dietitian at Benton Harbor Mercy hospital, will be guest speaker at a heart seminar at 7:30 p.m. next Monday in the Forum, Memorial hospital, St. Joseph.

The topic will be general dietary recommendations for coronary disease patients.

The seminar is sponsored by the Berrien County Heart Unit, an agency of Blossomland United Way. Programs are for former heart patients, their families and interested citizens.

Mrs. Steward has been at Mercy hospital for over three years. She received her degree from the University of Arkansas at Pine Bluff, in 1970, and interned at a Veterans hospital in Houston, Tex.

Bishop Denies Communion To Feminists

SAN DIEGO, Calif. (AP). — The Roman Catholic bishop of San Diego has ordered that no Catholic be allowed holy communion who "admits publicly" to membership in the National Organization for Women or pro-abortion groups.

The order from the Most Rev. Leo Maher, effective this weekend, is contained in a letter sent to all priests in the diocese and will be required reading at masses this weekend.

Serving The Nation

CAPT. BRUCE KRIEGER

SODUS— Bruce G. Krieger, son of Mr. and Mrs. Jerome J. Krieger, 3948 Hillendale road, Sodus, has achieved his present rank of captain in the U.S. Air Force.

He is a KC-135 Stratotanker pilot at Beale AFB, Calif., and serves with a unit of the Strategic Air Command.

A 1966 graduate of St. Joseph High school, he received his B.S. degree in 1970 from Michigan State University and was commissioned there through the Reserve Officers Training Corps program.

PROMOTED

BRIDGMAN— Kathy L. Oldenburg, daughter of Mr. and Mrs. Walter Oldenburg, 11471 Gast road, Bridgman, has been promoted to Army Sp4 while serving as a communications center specialist with the 2nd Armored Cavalry Regiment, Nurnberg, Germany.

IN GERMANY

The U.S. Air Force has promoted Phillip D. Adler, son of Mr. and Mrs. Edward Adler, 2211 bann drive, St. Joseph, to the rank of A/1c.

He is serving at Spangdahlem AFB, Germany as an air traffic controller.

A 1972 graduate of St. Joseph high school, he attended Lake Michigan College and is a member of Alpha Phi Omega.

NEW RANK

Marine Sgt. Roger A. Lockman, son of Mr. and Mrs. Adolph Lockman, 600 Euclid avenue, Benton Harbor, was promoted to his present rank while serving with Inspector Instructor Staff, U.S. Marine Corps Reserve, South Bend, Ind.

MECHANIC

PULLMAN— Billy A. Clements, son of Mr. and Mrs. Lucian A. Clements, route 1, Pullman, was promoted to Army PFC while serving as a mechanic with the 3rd Armored Division, Germany.

PROMOTED

Darrell Burnside, son of Mr. and Mrs. Jack Rogers, 536 North Winans, Benton Harbor, has been promoted to A/10-B in the U.S. Air Force.

He is a jet aircraft mechanic with a unit of the Tactical Air Command, Myrtle Beach, S.C.

The airman is a 1972 graduate of Benton Harbor high school. His wife, Glenda, is the daughter of Mr. and Mrs. V. Berry, 1034 Hall street, Benton Harbor.

SERGEANT

COVERT— Richard L. Daisy, son of Mr. and Mrs. Edward Daisy, route 1, 42nd Ave., Covert, was promoted to Army S.Sgt. while serving with the 82nd Airborne Division, Ft. Bragg, N.C.

'Chappaquiddick' Painting Ditched

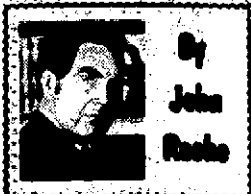

BOSTON (AP)— A painting depicting Sen. Edward M. Kennedy emerging from the surf at Edgartown after the drowning of Mary Jo Kopechne in 1969 has been removed from its rented display case at the Copley Plaza Hotel.

The painting shows Kennedy in slacks and a short sleeve shirt running through the surf.

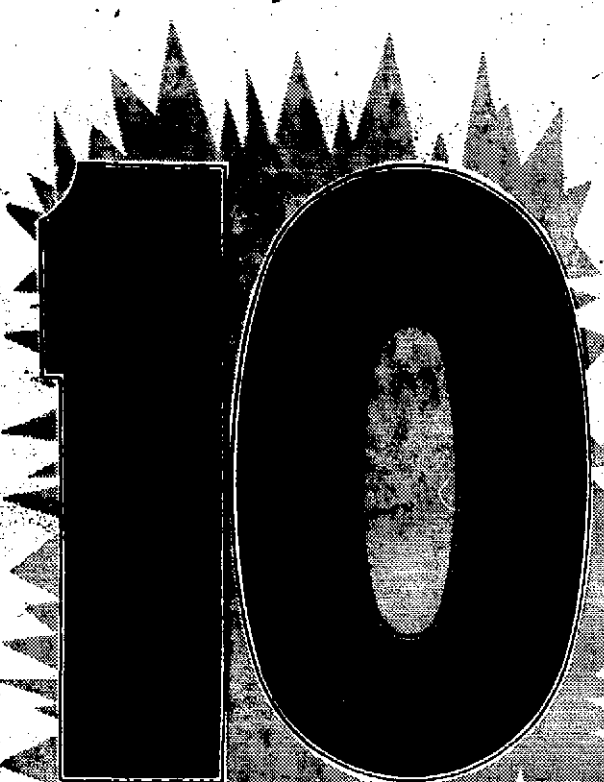

The artist, Alan Rhee, 28, of Chicago, a junior at Rhode Island School of Design, said the painting "certainly was meant to represent Sen. Kennedy at Chappaquiddick."

NO INCIDENTS

JOHANNESBURG— South Africa (AP)— There have been no racial incidents since Africans were allowed to mix with whites in public parks, libraries, museums, the art gallery and one a year ago, according to city officials.

OPEN DAILY 10-10; SUNDAY 11-6
**WED., THURS.,
FRI., SAT.**

A couple of weeks ago the Public Broadcasting Service produced a program on Vietnam, Cambodia and the United States. The panel included Ambassador Graham, Martin and Congressman Paul McCloskey (R-Calif.), and within half an hour it became clear to me that Martin and McCloskey were far more than opponents on our Southeast Asian policy — they were protagonists for two generations. They are both dedicated, talented, patriotic Americans, but they simply differ by different stars. To put it another way, they have different pictures of the world in their minds.

One of the reasons I felt this so strongly is that I am in the intermediate generation, one which began, ironically, with the McCloskey approach and wound up with that of Martin. In the course of his remarks, the Congressman made it apparent that he is not only an isolationist (or "continentalist" to avoid the pejorative connotation of isolationist) but proud of it.

Obviously an anti-Communist with no sympathy for Hanoi, Moscow or Peking, McCloskey simply didn't see any sensible rationale for our Vietnam and Cambodian involvement. It is absurd, he suggested, for us to try to graft our value system on those of Asia. Unlike a number of other continentalists, McCloskey was completely consistent. He said we must also rethink our commitment in the Middle East and regretted the Jackson-Vanik amendment to the trade bill.

Dean Rusk observed a while ago, in his wry fashion, that he hoped the present generation would not avoid the mistakes of their fathers by imitating those of their grandfathers. As I watched and listened, I had the strange feeling that everything McCloskey said was already on file, that if I closed my eyes the year could be 1950 and the speaker Norman Thomas or Sen. Burton K. Wheeler. As an activist in the socialist opposition to American entry into World War II, I recall myself making impassioned pleas for non-involvement in a world inimical to American democratic values. I also remember a meeting at Town Hall, a favorite site for debates in New York, where Norman Thomas (one of the century's most masterful debaters) orally shredded some pro-war spokesmen. Poland was Thomas' centerpiece: with savage irony he inquired why we were supposed to fight and die for a bunch of fascist colonels; it made sense to me; I ignored the Graham. Martins of that era who argued that the issue was not Poland but the survival of Western honor confronted by totalitarianism.

This is not a mea culpa; I now believe I was wrong, but I held convictions honestly arrived at. What World War II did was provide a new set of pictures in my mind, notably concerning the ultimate evil of totalitarianism, images which led me to become — and remain — a liberal cold warrior. Unlike Rep. McCloskey, I am incapable of believing that the Vietnamese people (for whom I have great respect and affection) would prefer Hanoi's iron dictatorship to Thieu's clumsy authoritarianism. In saying this, to repeat, I am not questioning McCloskey's integrity.

If McCloskey was the incarnation of the continentalist, Graham Martin's tragic sense of the impact of a debate in Southeast Asia incarnated the faith of the internationalist. Far too prudent to want the U.S. to play world policeman (Martin was, indeed, one of the most powerful voices opposing the Americanization of the war in Vietnam), he nonetheless believes the issue today is no more Vietnam or Cambodia than in 1950 it was Poland. The question for Americans, as he sees it, is do we want to continue our post-war role as the barrier against totalitarian expansion? The underlying assumption (which I share) is that when a nation falls to the totalitarian (monolithic or polycentric), it is a Bad Thing.

To Congressman McCloskey this smacks of ethical atrophy, though he would certainly never be as patronizing as Shirley McLaine, who recently said that, although she personally couldn't tolerate life under Chinese Communism, it was great for the Chinese.

Lincoln Wants More Time To Decide DART Fate

By ALAN AREND
Staff Writer

Unless more time is allowed to determine if a dial-a-ride bus system in Lincoln township is worthwhile, its future there is in doubt.

While no formal action was taken by the township board last night, the consensus of board members was that unless more

time was allowed, the township would have to withdraw from the program, stopping the service.

A June 26 deadline has been imposed by the state transportation department through the local authority overseeing the program because of funding requirements. The program was started in Lincoln on April

7.

Under the requirement, the municipalities have to pay a share of second-year operating costs.

Mrs. Bernice Tretheway, township clerk, said requests for extensions on the deadline have drawn little response. They have been filed with the local authority, the Twin Cities

Area Transportation authority, as well as the state.

The authority provides services in St. Joseph, Benton Harbor, St. Joseph township and Benton township as well as Lincoln township.

Trustee Donald Chapman said, "We have no experience in Lincoln on the number of riders who will use the service here, or how much it's going to cost."

Raymond Roberts of Berrien Springs, township accountant, said audit of the township's books ending March 19, 1974, found everything in order.

He suggested the township begin to look for an easier

method of accounting, than current manual ledger books, since the work is becoming so heavy and burdensome. He suggested the township board look into purchasing an accounting machine or joining a

service bureau computer operation. No action was taken on the suggestion.

Hauch announced that annual township clean up days will be April 26 and May 3, from 9 a.m. to 2 p.m. Township residents

can use the township's landfill at no cost during this time.

The board will hold a special meeting, Tuesday, April 22, at 8 p.m. with its planning commission to discuss the township's proposed new zoning ordinance.

Bangor Township Adopts Building Permit Fees

BANGOR — A schedule of building permit fees was adopted and a building inspector hired by Bangor township board last night.

Hired was Dalton Kinney of Decatur who has been hired as building inspector for several other Van Buren townships as well.

The building permit fees schedule adopted is also identical to schedules adopted by other Van Buren townships.

The schedule requires a payment of \$30 plus four cents per square foot up to 5,000 square feet

for homes and one cent per each additional square foot; \$10 plus two cents per square foot for garages; and for mobile homes, \$20 for the first inspection and \$5 for each additional inspection.

In other areas, the board accepted a \$9,874 bid from the Van Buren road commission for a culvert to be placed on CR-378 and a road commission bid of \$7,144 for restoration work on the covered bridge over Red Cedar creek on 69th street.

Ronald Schultz, township administrative assistant, told the board that, based on current figures, Lincoln township would have to pay a minimum subsidy of \$21,194 a year to keep the service running past June 1.

It could go to \$30,000 or \$35,000 if income from township fares falls below one-third of the cost for the township program.

Mrs. Tretheway said "There's no way we (the township) can come up with that type of money."

Other board member expressing doubts about the future of the service were Anthony Doughty, trustee, and Gerald Wahl, township treasurer.

In other areas, the board approved joining the proposed Twin Cities area ambulance authority and named Supervisor Ernest Hauch as representative to the authority. Schultz was named as alternate.

The board adopted its operating budget for 1975-76 as approved by township residents at Saturday's annual meeting. The budget calls for \$265,000, an increase of \$18,000 over last year's.

Chapman was appointed to represent the township on the Southwest Michigan Regional Planning Commission's shoreline management advisory council. The council is being formed to assist the state department of natural resources in development of a shorelands management program. Hauch was named as alternate.

Fennville Scans Tentative \$164,652 City Budget

FENNVILLE — City commissioners here last night reviewed a proposed budget of \$164,652 for the 1975-76 fiscal year. The budget is expected to be adopted by the commission during its next regular meeting on May 5 which will be preceded by a public hearing beginning at 8 p.m.

The proposed budget is up approximately \$13,000 over the current budget. Included is a five per cent pay hike for the eight city employees. The city millage levy of 14 mills will remain the same, according to Mrs. Janet Morse, city clerk.

In other areas, the commission awarded contracts for paving North and Elizabeth

streets near the new Fennville high school. The contracts have estimated total value of \$13,889.

Bids were awarded to the lowest bidders on the basis of unit prices, according to Mrs. Morse.

Ottogon Excavation of Zeeland was low bidder for the removal of gravel and clay for 31 cents per yard for approximately 100 yards. Zeeland Blacktop company of Zeeland was low bidder for 2,000 yards of sand for \$1.48 per yard and 420 tons of asphalt at \$16.95 per ton.

Low bidder for gravel was Martin Jones of Allegan at \$3.50 a yard for an estimated 1,000 yards.

Oronoko Tables Request For \$8,000 Park Funds

BERRIEN SPRINGS — Oronoko township board last night tabled a request from the Greater Berrien Springs Parks and Recreation board for an \$8,000 donation.

Township Supervisor Robert Feather indicated the board will take action on the request at the township's meeting in May.

He said the board will make a contribution but said he felt the request was a little high.

Jack Davis, chairman of the recreation board, said "We hope by asking for money now, it will be a one-time thing and we will not have to keep coming back."

He said the parks and recreation board is also seeking contributions from Berrien township and Berrien Springs village.

He added the parks and recreation board hopes to receive matching funds from the federal government and has applied for federal job-training funds and hopes to obtain private donations as well.

He outlined for the board a 1975 summer activities schedule he said will emphasize playground programs.

In other areas, it was announced that the township planning commission will meet April 14 at 7:30 p.m. in the township hall to discuss plans for a zoning ordinance.

Building Inspector Robert Pagel told the board that in the March that there were 10 building permits issued covering an estimated \$136,000 in construction in the township.

Hijacking Try Fails

TOKYO (AP) — A Japanese businessman was seized by police at Tokyo International Airport today on charges of trying to hijack a Japan Airlines Boeing 747 with 200 persons aboard as it approached the capital on a flight from Sapporo.

Police said the would-be hijacker, identified only as Oshima and said to be 40 to 50 years old, fired several shots when two policemen boarded the plane, but no one was hit.

NEW BUFFALO HEARING Bridge Worries Residents

NEW BUFFALO — Approximately 60 New Buffalo city and township residents attended last night's public hearing on the proposed new bridge over the Gallien river at Whittaker street at city hall here.

Donald Foster of the state highway department and engineers from G.L. Wightman and Associates, St. Joseph, were present to report on the project and answer questions.

Main concern expressed by city residents was how the local funding for the \$300,000 bridge will be obtained. The bridge is located within the city limits and no county funds are available.

According to William Marx, city manager, the state will pay for 75 per cent of the project and the city will be responsible for the remaining 25 per cent. Marx said the city would borrow money against the motor vehicle highway fund through weight and gas taxes under a 15-year bonding program to finance its share.

Township residents opposed to the bridge plan indicated the plans are inadequate to meet future needs of harbor and marina

developments.

George Behner, township resident, stated any additional cost is worth it, compared to potential benefits to be received during the life of the new bridge. Behner favored a bridge with a 21 foot clearance for boats instead of the proposed 16 foot clearance. He also objected to the location, suggesting the new bridge be located further west to allow a straighter access to the river.

Engineers said a \$100,000 increase was a major factor in rejecting a new location and higher bridge clearance. They said a study showed that the 16 foot clearance will allow passage of 99 per cent of the power boats in the area.

Construction of the fixed three-span bridge could begin as soon as July 1, according to Foster. All funds for the project must be available prior to the letting of bids scheduled for June 18.

Foster's office must also review comments made at the public hearing, prior to giving final approval.

'I THINK WE BOMBED'

Burt Reynolds Tells It Like It Is!

Q: How do Cybill Shepherd and Burt Reynolds feel about the bad critical reception of their musical movie, "At Long Last Love"? — E.R., Paterson, N.J.

A: Cybill is told by her love-director Peter Bogdanovich not to pay any attention to the bad reviews so nobody knows whether she thinks she's good or

economy is out of control. It's called "The Eco-Spasm Report."

Q: Does the Shah of Iran think it's good publicity for him to be shown skilling at St. Morris when the world is in such a mess? — D.E., Boston, Mass.

A: The Shah is such a total monarch and is so adored by his country that he knows he

can do just about anything he pleases. The Shah works hard, so he feels it is his right to play hard. That's just what he did in Switzerland... skilling all day and then watching movies, like Claude Lelouch's haunting new film "And Now My Love," at private night screenings with 24 bodyguards in attendance.

Q: I am a young person who is still outraged by the killings of the Kennedys and Martin Luther King. Isn't there any place I can work within a coordinated effort to help bring their true murderers to justice? — H.W., Seattle, Wash.

A: The Assassination Information Bureau at 63 Inman St. in Cambridge, Mass., is organized to try to reopen the investigations of these assassinations and to organize citizens to act politically on these issues.

MICKEY: A better, better half... somewhere?

Q: I hear that Oriental athletes swear by ginseng root saying it gives them extra power. What's the real truth? — A.L., Richmond, Va.

A: Well, the British are investigating in the hopes that it may provide some super-sportsmen for the next Olympics. So far, 42 "guinea pig" athletes have taken ginseng

and shown some improvement in their performances.

Robin Adams Sloan welcomes questions from readers. While Sloan cannot provide individual answers, questions of general interest will be used in the column. Write to Robin Adams Sloan, care of this newspaper.

BURT & CYBILL: He's talking.

TOFFLER: 'Future Shock' to Eco-Spasm.

PEOPLE

By Robin Adams Sloan

bad. But Burt Reynolds is smart. He says, "I think we bombed."

Q: How many times has Mickey Rooney been married? — I say five. My buddy says six. — W.W., Phoenix, Ariz.

A: Old Mick has been to the preacher seven times so far. But he's not cured. He says, "I'm looking for No. 8. Somewhere out there is the perfect wife."

QUESTIONS YOU NEVER ASKED: The film star wife of what superstar is a compulsive cleaner? Ali MacGraw... What did she start with? "Funny Lady"? Stashing her jewels in a hot water bottle? In a Fanny Brice... What's the latest scare news from Alvin "Future Shock" Toffler? Toffler rushed a book together for Bantam on why our

By Burt Bacharach

BEAUTY HINT from Anne Meara: "To keep the complexion young and lovely, apply compresses of milk after cleansing, using cotton soaked in milk, and leave on face for about five minutes. Then rinse with tepid water."... Overworked Expression: "Between you, me and the lamp post."

Famous Last Words: "With our special diet, you can eat all you want and still lose weight."... Overworked Expression: "It's not the money, it's the principle of the thing."

Carlo Ponti recently celebrated his 81st birthday. (Sophia, so good!)... Exercise Tip from a new book, "Total Fitness in 30 Minutes a Week" (Simon & Schuster): Use your morning shower to exercise your arms, wrists, hands, chest and shoulders... Air pollution might be able to live with: In Cognac, France, the equivalent of 25,000 bottles of cognac in its evaporation process disappears into thin air each week!

KITCHEN-SNOOPING: Mixed gherkins and pimiento add color and zest to salads or coleslaw (The Concord, Lake Kiamasha)... For a treat, spread barbecue sauce over your next Southern fried chicken (Aunt Fanny's Cabin, Atlanta)... For variety, add toasted sesame seeds to your favorite poultry stuffing (The Drake Room, NYC).

How To Discourage 'Borrowers'

"True or False: It's not difficult to discourage door-to-door salesmen if you know the magic words."

Are you bothered by door-to-door salesmen? The neighbor who is forever borrowing something? Uninvited dinner guests? Does it sometimes seem that privacy and personal possessions are no longer sacred? This week's "People Quiz" comes to the rescue with a quick course in self-defense that will help you discourage the people pests and borrowers — without the use of martial arts!

Read it Saturday in Family Weekly magazine, a regular feature of The Herald-Palladium.

Tiny Town Could Be Winner

NEW YORK (AP) — The apparent winner in the tiny town sweepstakes? Alvin, S.C. According to the 1975 Rand McNally Road Atlas, Alvin has a population of just 10. The atlas does depict and list innumerable places, however, with no population figures. Some of these may have fewer people than Alvin, or no population at all.

They'll Do It Every Time

Three Named To State Bean Commission

LANSING, Mich. (AP) — Three men were named Monday to the Michigan Bean Commission. The governor's appointments, for terms expiring Dec. 31, 1977, are subject to Senate confirmation.

Appointed was Kenneth Graham of Breckenridge, a farmer and president of the Breckenridge & Wheeler Co.-Op. He succeeds Maurice Goez of St. Johns.

Reappointed were Edward Powell of Lansing, and Orville Gremel of Sebewaing.

Hunch Pays Off

SAN FRANCISCO (AP) — Dr. John Connolly, a foot specialist from nearby Daly City, went to Golden Gate Fields race track and bet a hunch: "Fallen Arches" to win. The horse won.

NEWS OF MARKETS

Stocks Edge Upward

NEW YORK (AP) — The stock market edged upward today in a session interrupted for 25 minutes shortly after the opening by computer trouble at the New York Stock Exchange.

The Dow Jones average of 30 industrials was up a fraction shortly after trading resumed at 10:35 a.m. Gainers held a 3-2 lead over losers on the New York Stock Exchange.

It was the fourth time this year — and the sixth in the last 12 months — that trouble in Big Board data processing facilities had caused a trading halt.

The previous interruptions were all roughly the same length as today's.

Analysts said there was little in the economic news to account for the market's gains.

Instead, brokers said, it appeared prices were simply extending Tuesday's modest technical rally, which ended a six-session losing streak.

Today's early prices included Marcor, up 1/2 at 25; American Telephone & Telegraph, up 1/4 at 48 1/2; MGIC Investment, down 1/2 at 11 1/2; and ITEK, down 3/4 at 10 1/2.

An NYSE spokesman said no trading data was lost in the interruption of activity.

On Tuesday the Dow Jones industrial average gained 6.34 to 749.22. But advances held only an 8-7 edge on losers in the over-all NYSE tally. Volume remained light at 14.32 million shares.

Extended in-person assistance hours will be Friday from 8 a.m. to 8 p.m.; Saturday, 10 a.m. to 3:30 p.m.; Monday, 8 a.m. to 8 p.m., and Tuesday, the last day for filing, from 8 a.m. to 8 p.m.

IRS Adds Hours To Aid Filers

Tuesday, April 15, is the deadline for filing 1974 federal income tax returns and the U.S. Internal Revenue Service will be offering additional hours of service Friday through Tuesday to assist last-minute filers.

Joseph DeFrance, director's representative at the Benton Harbor IRS office, announced the area office at 175 Territorial road will be open the following hours:

Extended in-person assistance hours will be Friday from 8 a.m. to 8 p.m.; Saturday, 10 a.m. to 3:30 p.m.; Monday, 8 a.m. to 8 p.m., and Tuesday, the last day for filing, from 8 a.m. to 8 p.m.

The toll-free IRS telephone assistance service hours will be Friday from 8:30 a.m. to 8:30 p.m.; Saturday, 9 a.m. to 6 p.m.; Sunday, noon to 6 p.m., and Monday and Tuesday, from 8:30 a.m. to 8:30 p.m.

DeFrance said tax returns must be mailed by midnight Tuesday to be considered filed in time.

Grocery Chain Sees A Loss

DETROIT (AP) — Allied Supermarkets says it expects a \$3.3 million after-tax loss for the third fiscal quarter ended April 5.

The firm said the largest customer of its wholesale division filed for reorganization under federal bankruptcy laws during the last quarter. In addition, the contents of one store were destroyed by fire and Allied experienced sluggish sales in some marketing areas, the firm said.

Allied said the final bookkeeping has not been performed on the quarterly results.

The firm also predicted it would about break even in the current quarter.

Allied runs 274 stores in 25 states under the names Wrigley and Humpty supermarkets and Ideal and K Mart Food Stores.

Rates Going Up

TRAVERSE CITY, Mich. (AP) — Residential customers will be paying 13 per cent more for electricity in Traverse City next month while industrial rates will be boosted up to 28 per cent.

City commissioners approved \$35,000 in higher charges Monday night for the city-owned Traverse City Power and Light Co. The increases go into effect about May 1.

Consumer Hurt By Pricing Laws

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — The most important activity of the Federal Trade Commission today is antitrust action, a spokesman said, but within that category the focus clearly is on fair trade pricing arrangements.

"Fair trade laws are little more than anticompetitive price-fixing, unadorned with any redeeming features," Lewis Engman, FTC chairman, told Congress earlier this year.

He added: "We doubt that we needed them when we got them. We are confident that we do not need them now." He cited a 1969 report suggesting that fair trade laws cost the consumer \$1.5 billion a year.

Fair trading, in which a manufacturer generally sets a price that his distributors and retailers are expected to honor, began during the depression of the 1930s, the first law being enacted in California.

In 1937, the Miller-Tydings Act went into effect, permitting individual states to write fair trade laws granting exemption from both the Sherman Antitrust Act and the Federal Trade Commission Act.

And in 1952 the McGuire Act was passed, permitting manufacturers to hold retailers to fixed prices even though the retailers declined to sign contracts of agreement.

At their height, fair trade laws existed in 46 states. The number now is down to 35. Only 13 still have McGuire Act provisions.

The rationale for fair trading is that it prevents cutthroat competition. That might have been so during the depression of the 1930s, says Richard Givens, head of the New York FTC office, but it isn't true any longer.

"During the 1930s, the problem arose from a deficiency of buying power, which led to drastic price declines and intense competition involving numerous sales below cost on a large scale," Givens said in an interview.

"The type of economic pinch which exists today is entirely different. The present situation arises out of the scarcity of certain limited resources, such as petroleum, and the increase in the cost of such items."

Because certain expenses are forced higher, the manufacturer and probably the retailer also strive to keep prices compensatory high instead of resorting to innovative, cost-cutting techniques.

The worst type of price fixing, according to Givens, is horizontal, which exists when retailers, distributors or manufacturers, instead of competing, agree to sell for the same price.

By contrast, vertical leaves some room for competition. It generally involves the manufacturer of a certain product insisting that the retailer sell for a certain price.

But that still leaves competition among retailers, and among different manufacturers also.

"Vertical is a long-term disease like hardening of the arteries," says Givens. It is legal in some states although, in the eyes of the FTC, always wasteful. "Horizontal is the complete asphyxiation of the patient." It is illegal.

Legal or illegal, you may be certain price fixing of some sort will always prevail. Practitioners fail to recognize that, in their self-interest, they are reinventing old techniques to avoid competition. "Their excuses are seductively rational," says Givens.

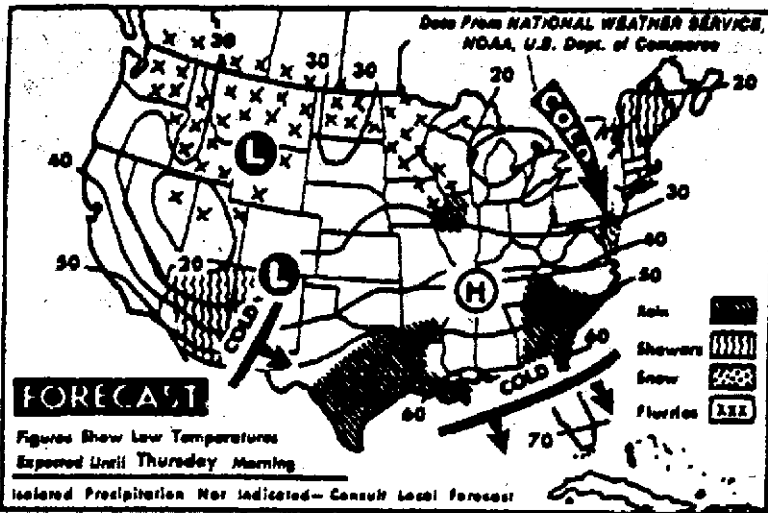

Among the techniques are what have come to be known as phantom freight charges, the customer being charged for freight from a given distance even though that distance might not have been involved.

Tying arrangements are another knot. If you buy one product you must buy another; that is, if you buy the copying machine you have to buy the paper too.

Full-line forcing is common. Under that arrangement a seller tries to push his entire line of products as a unit, instead of permitting the customer to pick and choose as he pleases.

Reciprocal pricing became common when conglomerate corporations sprouted. Salesmen for such companies, which have multiple lines of products, agree to buy goods from another company if that company buys something from him. But of all the devices, fair trading is probably the most obvious. Says Engman:

"Repeal of the Miller-Tydings Act will encourage market innovation, it will reduce prices and it will increase consumer choice in the market place."

TODAY'S WEATHER MAP: Rain is forecast Wednesday for eastern Texas and Louisiana and Georgia and the Carolinas. Showers are expected for the Southwest and snow flurries are forecast across most of the northern Plains. Temperatures near normal are forecast for most of the nation. (AP Wirephoto)

Southwest Michigan TIDBITS

Named On Dean's List

HOUGHTON — Nine southwestern Michigan residents have been named to the dean's list at Michigan Technological University for the winter term, according to school officials here. The students Nancy Carlson, Kevin Moss, Brian Berndt and John Bock, all of St. Joseph; Norbert McGuire, Decatur; Marvin Buckner, Coloma; Richard Sandtvet, Harbert; David Hagenbarth, Watervliet; and Rodney Wedge, Allegan.

SBA Seminar On Wednesday

NILES — A seminar to explain the federal Small Business administration will be held from 8 a.m. to 9:30 a.m., Wednesday, April 16, at the Niles Holiday Inn, according to Justin F. McCarty Jr., executive director of the Niles Chamber of Commerce. Frank Parynik, assistant director for finance and investment in the Detroit district office, will be the main speaker, McCarty said. The seminar is open to the public and no admission will be charged. McCarty said those planning to attend should make reservations through the chamber office.

River Valley Clarifies Cuts

THREE OAKS — Supt. Joseph Caimi said that the proposed cuts in the 1975-76 River Valley school district budget included elimination of all athletic and band programs, not some of such programs as reported in yesterday's edition of this newspaper. Caimi outlined the proposed cuts during River Valley school board meeting Monday night after voters defeated a 3,824-mill property tax levy last month.

Park Fund Requests Filed

COLOMA — A. G. Blevins, Coloma township supervisor, said today he did not report that the Berrien county parks and recreation commission had approved fund requests from Coloma city and Hagar township during a meeting of the Coloma township board Monday night. Blevins said he reported that the requests had been filed. In an account of the meeting published yesterday by this newspaper, Blevins was reported as saying the requests had been approved.

Asks Decoration Removal

COLOMA — The removal of all decorations from the Coloma city-township cemetery by Tuesday, April 15, has been requested by Ralph Dewey, chairman of the jointly operated cemetery board. According to Dewey, all decorations not removed by the deadline will be disposed of by cemetery personnel.

High Court Affirms Berrien Convictions

LANSING — The convictions of two former Berrien county men, whose appeals involved incompetency defenses, were upheld Tuesday by the Michigan Supreme court.

Appealing to the high court were Arnold Ray Blocker, formerly of Benton Harbor, and Roy Lucas, 29, formerly of Watervliet. Both men were convicted in Berrien Circuit court. Blocker was found guilty of car theft in a 1971 trial and Lucas was convicted of breaking and entering a Benton township dwelling in 1972.

Blocker, sentenced to four to five years in prison, asked that his conviction be overturned

because the question of his competence to stand trial was raised but never decided at trial.

However, the Supreme court said the only formal reference to Blocker's sanity comes in his pre-trial request for a psychiatric examination.

"The case proceeded to trial... and the insanity defense was not pursued," the Supreme court stated. "The issue of competence can only be raised by evidence of incompetence."

In the Lucas case the high court affirmed, by a 7-0 vote, his conviction. The court stated, however, that Lucas could file a delayed motion for a new trial on grounds of incompetency.

Berrien Springs Fire Sweeps Apartments

BERRIEN SPRINGS — Fire of undetermined origin swept through the second floor of a two-story apartment house north of here late yesterday afternoon.

Berrien Springs village-Oronoko township police said the frame building, located at 2000 St. Joseph road, near US-31, sustained heavy fire damage to three apartments on the second floor and smoke and water damage to two apartments on the first floor.

and McGuire Acts will encourage market innovation, it will reduce prices and it will increase consumer choice in the market place."

No cause for the fire has been determined and no damage estimate has been made police said.

Police said the Berrien Springs fire department was called to the house, remodeled for apartments, about 5 p.m. yesterday by motorists who reported heavy smoke near the intersection of US-31 and St. Joseph road.

Firemen remained on the scene until about 8 p.m. fighting the blaze and were called back about 9:45 p.m. when the fire broke out again, police said.

Police said no one was injured in the blaze. The owner of the building is Mrs. Stella Stone, police said.

Cloudy Through Thursday

Southwestern Michigan — Mostly cloudy and cool through Thursday. Low tonight mid 20s to around 30, high Thursday mid 40s. Winds easterly around 10 tonight and 15 to 20 Thursday. Probability of precipitation 20 per cent Thursday.

WEATHER PICTURE

The highest temperature in Michigan Tuesday was 47 at Muskegon. The lowest was 18 at Houghton Lake, Marquette and Traverse City.

The highest temperature one year ago in Detroit was 44. The low was 24.

The highest temperature for this date in Detroit since 1872 was 78 in 1931. The lowest was 19 in 1914.

The sun sets today at 7:08 p.m., rises Thursday at 6:01 a.m. and sets Thursday at 7:09 p.m.

The moon sets today at 5:30 p.m., rises Thursday at 5:14 a.m. and sets Thursday at 6:30 p.m.

Waterliet Hospital

ADMISSIONS

Murder Suspect Pleads Innocent

Lorenzo Cross, accused of murdering a woman whose body was found in a Sodus township ditch in February, pleaded innocent yesterday in Berrien circuit court to charges of murder and conspiracy to murder.

Cross, 25, of 1905 Union street, Benton township, was remanded to the county jail without bond privileges by Judge Julian E. Hughes.

Cross is accused of murdering and conspiring with Terry Y. Langford, also held at the county jail in connection with the case, to murder Audrey Bridgewater Walker, 22, of 384 Brunson avenue, Benton Harbor, on Feb. 18. Mrs. Walker's body was found along Yore avenue in a ditch on Feb. 28.

No date has yet been set for trial, according to the Berrien prosecutor's office.

Lawton Expects Suit Settlement

LAWTON — Village Atty. Horace Adams told the Lawton village council last night he expects an out-of-court settlement with owners of Lawton Manor apartment development here, hopefully within the next 60 days, on money owed the village under terms on a lease agreement with the developer.

Atty. Adams said the owner Robert Jenkins of Detroit, still owes the village \$5,000 as part of the initial \$15,000 99-year lease signed with developers of the project in 1972.

Atty. Adams said the settlement is based on the assumption the developer obtains permanent refinancing for the project, a 60-unit senior citizens apartment complex on White Oak street.

The village had filed suit in August, 1972 to collect the \$15,000 payment which village officials said was due under terms of a 99-year lease it signed with the developer. A subsequent agreement between the two parties was reached to provide payment, but has not been fulfilled, according to Atty. Adams.

In other areas, during the special meeting of the council the council approved transfer of a \$5,000 water and sewer certificate to the water and sewer construction fund for the last payment on a new well to Peerless Midwest company, Granger, Ind.

The council also approved payment of \$125 per month to Michigan Power company to supply power to the well once it

begins operation sometime this summer.

Adams said that Mr. and Mrs. William J. Gibson of Kalamazoo have been notified that a house they own at the corner of Union and West streets must be renovated to meet building code standards within 30 days or be demolished.

The Lawton fire department was given approval to stage its annual July 4 fireworks show at Lawton elementary school at 9 p.m., with the stipulation that only firemen and village employees wear crowd control identification badges. The stipulation was approved after Councilman Burl Unrath questioned who was wearing the identification badges at last year's show.

Repairs to the village's tennis courts and the addition of a backdrop fence at the courts were authorized at a cost of \$2,135. The council said that AAA Fence company, Kalamazoo, would be paid \$1,201 for supplies, and labor for the project would be \$934.

The council approved an amendment to a city ordinance requiring private swimming pool owners to have at least one drainage outlet at the pool site and prohibiting drainage of pool water into village street drains. The drains must be approved by the village public works department and the Van Buren county health department.

Formation of a Bicentennial committee for the village was announced by council president James Boon. Members of the committee will be Charles Gibson, Edward Jameson, Clifford Atwater, Mrs. Dorothy Teall, Mrs. Stanley (Lucille) Cornish, and Mrs. Maxine Burhens.

William Strong of Lawton appeared before the council to apply for the summer recreation program director's post. He was told by the council that his parks and recreation committee would consider applications for the replacement of Walter Hitchcock who will not seek the post again. The council also instructed to parks committee to advertise for part-time summer employment for the parks and cemetery department.

The council instructed its streets committee to work with Antwerp township officials to establish a two-week clean up campaign in the village sometime this summer. The council said the dates will be set in connection with days the township landfill is open.

Payment of \$374 to the township for work on the Cheeseman drain in the northeast section of the village was approved.

ARRAIGNED: Mass murder suspect James Ruppert goes back to jail after his arraignment in Hamilton, Ohio, Monday on eleven counts of aggravated murder. Ruppert entered a plea of innocent on grounds of insanity in connection with the shooting deaths Easter night of his mother and ten other relatives. (AP Wirephoto)

Hartford City Hall Vandalized

HARTFORD — A steel magnet, about one-inch in diameter, was thrown through the front door window of Hartford city hall about 8:20 p.m. last night, according to Lt. Dee Fankhauser, acting city police chief.

Lt. Fankhauser said it was the fourth such act of vandalism against city hall within the past 2½ months. Previously vandals have kicked a hole in the door and thrown objects through plate glass windows of the building.

Last night's act of vandalism remains under investigation, according to Lt.

Sodus Board Hears Two Complaints

SODUS — Sodus township board last night received complaints from four McQuigan street residents about traffic noise on the street and a vacant house there.

Carroll Cox, township clerk, said the township would contact the Berrien county health department about the house and the road commission about the noise.

In other areas, the board agreed to continue to meet the second and fourth Tuesdays of each month as in past years.

Buchanan Juveniles Petitioned

BUCHANAN — Two boys and a girl are to be petitioned to juvenile court in connection with a break-in at the home of James Kepler, 733 North Detroit street, here on March 30.

Buchanan police said one of the boys, age 16, was also to be cited in connection with a charge of possession of marijuana.

The other boy was said to be 15 while the girl was said to be 16 and a sister of one of the two boys.

A safe, two walkie-talkies, a tape player, three framed coin collections and a \$1 silver certificate were taken in the break-in.

The safe was recovered unopened in a Buchanan township field April 3. Part of the coin collection and the walkie-talkies were recovered yesterday.

Illinois Pair Ask Hearings

SOUTH HAVEN — Two Lincolnwood, Ill. residents demanded preliminary examinations yesterday when arraigned in Seventh district court here on charges of carrying concealed weapons.

Gary Dum, 28, and Bernard Youngman, 21, were arrested Sunday by state police troopers from the South Haven post after officers found several weapons in a van that had been stopped for a traffic violation.

The men were released on \$100 bond each.

Judge Acquits Man Of Rape

A Berrien Springs man was acquitted of a charge of rape yesterday in a one-day trial before Berrien Circuit Judge Chester J. Byrns.

Cleared by Byrns in the non-jury trial was Royal Dean Woolbright, 28. Byrns deliberated about 40 minutes before delivering the verdict.

Woolbright had been accused of raping a 10-year-old girl July 23 in Berrien Springs. Opposing counsel during the trial were Defense Atty. Stephen Small and Assistant Prosecutor Sally Zack. In another circuit court matter, Judge William S. White placed Richard L. Randolph, 31, of East Chicago, Ind., on two years probation, and assessed fine and costs of \$250, for attempted carrying a concealed weapon. Randolph attempted to carry a .38 caliber revolver Dec. 7 on I-94 in Benton township.

Hutchinson Hits U.S. Regulators

The blame for inflation falls variously on business, labor, government spending, consumers, multinationals and banks.

But increasingly, says Congressman Edward Hutchinson (R-St. Joseph), many observers are pointing to a new "villain" — our country's regulatory agencies.

Since 1886 when Congress established the Interstate Commerce Commission, the number of federal agencies with rule-making authority has proliferated and now includes the CAB, FCC, EMC, EPA, OSHA, FPC, FTC and others.

They regulate, respectively, airlines, broadcasting, shipping, pollution, factory safety, energy and advertising.

What critics stress, the Fourth District congressman says, is that the public does not get a "free lunch" by imposing public requirements on private industry.

In many instances, he says, the public would prefer to keep the regulatory agency — say, Food and Drug Administration — because the benefit outweighs the cost.

"On the other hand," he says, "there is a growing case that in the field of transportation regulation, the inflationary effects are outpacing the benefits."

He said outmoded regulatory practices by the Interstate Commerce Commission discourage competition, hinder innovation and set unrealistic freight rates.

The cost to the public of outmoded ICC regulations has been estimated as high as \$6 billion annually, he added.

Also, the Civil Aeronautics Board since inception in 1938 has "never permitted a new airline entry to compete with those already in existence" in 1938, despite booming profits realized by the industry after World War II," Hutchinson says.

Meanwhile, intra-state

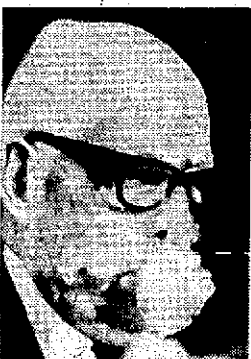

airlines — not regulated by CAB — charge fares well below those of regulated interstate air carriers on parallel routes, he said.

Hearing Sought By Decaturite

PAW PAW — Willie E. Lee, 18, route 3, 39th street, Decatur, demanded preliminary examination on a charge of assault with a deadly weapon when arraigned yesterday in Seventh district court.

Lee was arrested Sunday night by state police from the Paw Paw post after a man had allegedly threatened Lee's stepfather, James Hill, 37, same address, with a knife.

Preliminary examination for Lee was scheduled for April 15, and he was released on his own recognizance.

CRITICAL: AFL-CIO President George Meany bows his head while exhaling smoke from his cigar prior to addressing a Maritime Trades luncheon in Washington Tuesday. In his speech, Meany called for a reassessment of U.S. foreign policy. (AP Wirephoto)

PIPE-BOMBING Millburg Teenagers Facing Trial Court

Two Millburg teenagers were bound over to circuit court yesterday following preliminary examinations on charges of placing a pipe-bomb with intent to damage a telephone booth in Millburg March 31.

Also in Berrien Fifth District court another person was bound over to circuit court, 21 were sentenced and charges against two were dismissed.

Bound over were: Mark A. McDaniel, 19, of Territorial road, and Sidney W. Merrill, 19, of South street, both of Millburg, charged with the pipe-bombing. McDaniel was jailed on \$10,000 bail while Merrill posted \$1,000 bail and was released.

George H. Wheaton, 19, of 954 Columbus, Benton Harbor, charged with delivery of marijuana Jan. 20 and delivery of both LSD and PCP Jan. 21 in Benton township. He was jailed in lieu of \$15,000 in bonds.

Sentenced for the following violations were: Petty larceny — Richard A. Smikle, 19, of 304 Winwood, St. Joseph, fine and costs of \$120 or 30 days in jail; Ronald R. Rybarczyk, 21, of 2570 Niles, St. Joseph, 30 days in jail and two years probation.

Driving while intoxicated — Thomas Brown, 55, of 6816 Hilldale, Sodus, \$150 or 50 days in jail; John Bisio, 57, of 1800 Union, Benton township, \$150; Lillian P. Moore, 40, of East Chicago, Ind., \$150 or 30 days in jail; Patrick A. Bandy, 35, of North Branch road, Watervliet, 45 days in jail.

Driving while license suspended — James L. Parker, 38,

URGES RELIEF: Sen. Edward Kennedy, D-Mass., chairman of a Senate subcommittee on refugees, presides over a hearing on Indochina refugee problems in Washington Tuesday. Kennedy urged that President Ford send a special envoy to Vietnam for diplomatic negotiations for the safety of refugees in areas overrun by the North Vietnamese. (AP Wirephoto)

LEGAL NOTICES

FILE NO. 75-218 CH ORDER TO ANSWER STATE OF MICHIGAN CIRCUIT COURT FOR THE COUNTY OF BERRIEN FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF NILES Plaintiff vs. EDWARD G. DUVALL JR. AND MARJORIE L. DUVALL, husband and wife, jointly and severally Defendants

On January 22, 1975, an action was filed by First Federal Savings and Loan Association of Niles, Plaintiff, against Edward G. Duvall Jr. and Marjorie L. Duvall, husband and wife, jointly and severally, Defendants, in this Court to obtain a judgment of mortgage foreclosure, and

It is hereby ordered that the Defendant, Edward G. Duvall Jr., shall in this Court answer or take such other action as may be required by law on or before April 30, 1975. Failure to comply with this order will result in a judgment by default, against such Defendant.

It is further ordered that the Defendant, Edward G. Duvall Jr., cannot be found within the State of Michigan.

Form No. 1 THE CITY OF BENTON HARBOR, MICHIGAN COMMUNITY DEVELOPMENT DEPARTMENT Fidelity Building Benton Harbor, Michigan DOWNTOWN-RIVERVIEW URBAN RENEWAL PROJECT MICH. R-100 INVITATION FOR PROPOSALS

The City of Benton Harbor, Michigan, through its Community Development Department, invites proposals for the purchase and redevelopment of property in the Downtown-Riverview Urban Renewal Area (Mich. R-100). The property now being offered for sale by the City of Benton Harbor, is located at the southwestern edge of the Central Business District, and consists of parcels shown on the Disposition Map except parcels shown for Public Re-Use and parcels 1-1, 2-1 and 13-2.

Proposals may be submitted for any or all of these Disposition Parcels. At the option of the prospective redeveloper, a single proposal may be submitted for any combination or all of the Disposition Parcels, or several proposals may be submitted, each covering only one Disposition Parcel.

The Permitted Uses and Redevelopment Controls are specified in the Disposition Packet. Disposition Packets containing the materials needed to prepare proposals are available at the office of the Director of Community Development, Room 406, Fidelity Building, Benton Harbor, Michigan and may be obtained by depositing with the Urban Renewal Agency the sum of \$25.00 for each Disposition Packet requested. Each such deposit will be acknowledged by written receipt and will be refunded upon the return of the Disposition Packet in good condition to the Community Development Department.

All preliminary negotiations for the purchase and redevelopment of any or all of the Disposition Parcels referred to above will be negotiated by the City Manager or the Director of Community Development and are subject to review and approval by the City Commission of the City of Benton Harbor, and the Urban Renewal Administrator of the Federal Government.

Each proposal must be accompanied by cash or a certified check payable to the order of the City of Benton Harbor, in an amount of ten (10) percent of the proposed purchase price. This good faith deposit will be held by the City Treasurer if the proposal is accepted; or returned if the proposal is rejected.

For additional information

concerning the City of Benton Harbor's disposition program, interested parties should contact Mr. Charles A. Morrison, City Manager, Municipal Building, 200 Wall Street, City of Benton Harbor, Michigan, or Mr. Melvin Farmer, Jr., Director of Community Development, Room 406, Fidelity Building, City of Benton Harbor, Michigan. Telephone: 925-7061. Ext. 201, Area Code 616. COMMUNITY DEVELOPMENT DEPARTMENT OF THE CITY OF BENTON HARBOR April 9, 1975 H.P. Adv.

New Orleans Garbage Pile Becoming Disaster Area

By TERRY KIRKPATRICK
Associated Press Writer

NEW ORLEANS (AP) — What is touted by some as the beginning of an end to this country's runaway garbage problem is touted by others as the laughing stock of the nation.

It's a \$57 million garbage recycling plant that gathers under one roof all that is known about plucking paper, glass and metal out of pulverized garbage. The landfill next to where the plant is being built has become a battle ground for conflicting ideas on what to do with solid waste. Recycle as much as possible? Or limit the use of bottles, cans and paper that eventually become garbage?

Construction has started. Completion is expected within two years. Controversy has swirled for months.

A boon, say city leaders, who are running out of places to put the 1,300 to 1,600 tons of garbage produced each day in New Orleans. A boondoggle, say ecologists, who claim the real answer is to not make so much garbage in the first place.

"We have tried everything in the world to get rid of garbage," Mayor Moon Landrieu said. "We tried to bury it, to burn it, to sink it on barges, step on it, and even tried to ignore it. It wouldn't go away."

"So we tried to join with others in developing a system that will more efficiently dispose of our solid waste."

The idea of a demonstration recycling plant was suggested to the city by the National Center for Resource Recovery, a trade organization primarily of industries whose products, such as paper and bottles, end up as garbage.

"The plant will offer some good hands-on experience on how to

recover materials," an NCRRC official said. Garbage trucks will deliver about half of the city's daily garbage output to the plant. Of that, about 20 per cent will be cleaned, cleaned and resold.

Bugged paper will be taken out first, and the remaining refuse will be shredded. Blowers will then lift the lighter stuff and it will be dumped on the landfill. The rest continues on conveyor belts through magnets to extract the iron and steel. What's left is dumped into liquids of varying densities to separate the

need of an anti-pollution facelift, recycling seemed to be a breath of fresh air. But in the stench of the garbage was a whiff of political dispute. There were charges that what was good for NCRRC was not necessarily good for the city.

"One of the major interests of the businesses which NCRRC represents is finding ways to get cities like New Orleans and other government bodies to avoid source reduction," said Ross Vincent, president of the Louisiana Ecology Center, the state's most active private environmental group. Source reduction is the likes of Oregon's ban-the-bottle legislation — cutting down on the extensive use of throwaway glass, paper and plastic containers that form the bulk of any city's domestic garbage.

"They were in a position of creating waste and felt a moral obligation to do something about it," Mayor Landrieu said of NCRRC. "They were also trying to fend off source reduction legislation."

What bothers Vincent is a stipulation in the contract signed by NCRRC and the city with Waste Management Inc., a private trash handling firm, to build and run the plant. It requires New Orleans to provide 650 tons of garbage a day, or pay a penalty to Waste Management. "Instead of starting with reduction at the source and going to reclamation of what must be called garbage, they start with reclamation," Vincent said. "So they're locked financially into a system where they've got a vested interest in waste. The contract says they will deliver a certain amount of garbage. This thing is the laughing stock of the country."

Others say the stipulation may have been the key to getting everyone's cooperation.

The plant will make available for resale an estimated 10 per

cent of the paper that passes through it, 97 per cent of the ferrous metals, 70 per cent of the aluminum and 64 per cent of the glass.

But markets for recycled materials are still in their infancy and unsure. To avoid the uncertainty, NCRRC contracted buyers for the New Orleans materials for the first five years.

"The NCRRC's connections with the top of industry helps them find markets," said Brodie Crawford, directing engineer of the project. "Future markets will become established by precedent." Environmental Protection Agency officials meeting here recently with sanitation directors of several cities agreed with Vincent, but supported the project nevertheless.

"You can't have source reduction and also guarantee a certain tonnage for recovery," said Robert Colonna, director of the EPA's Systems Management Division. "But source reduction is not going to happen overnight."

**'We Have Tried Everything
In The World To Get Rid
Of Garbage,' The Mayor Says**

aluminum and glass from other metals, such as stainless steel and brass.

Electro-static separators will divide the aluminum and glass, and optical scanners will pick out the different colors of glass.

Similar equipment figures in other recycling efforts, such as the one in Bridgeport, Conn., where the first plant of a statewide reclamation program is in the works.

In New Orleans, where five incinerators were crumbling and in

Satellite Looking At State

LANSING, Mich. (AP) — A satellite orbiting the earth will help survey Michigan's dwindling wetlands, state officials say. The process will save the Department of Natural Resources the tedious work of surveying the state's swamps and marshes as a prelude to conservation programs. The Earth Resources Technology Satellite has been passing over the Detroit area every 18 days since July 1973. The data recorded is stored in a computer and will be compared by the DNR to aerial photos of the state taken in the 1930s and 1950s.
